**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL OFFICIALS AND AGENCIES: PUBLIC COMMENT**

**Mark Owens**, Executive Director of the Samaritan Center — addressed City Council concerning their inability to obtain a lease through the Detroit Workforce Development Department for the One-Stop location inside their facility, and asked for Council's assistance.

**Duane Montgomery** — addressed City Council concerning official's compensation and asked that the body not vote for a ten percent (10%) pay cut. Relative to the \$9 million settlement in the Brown/ Nelthrope case, Mr. Montgomery contends that there was a secret settlement agreement which stated that any disclosure would void the settlement agreement. In light of the fact that attorneys did void the settlement agreement, he believes the city should pursue legal action for the retrieval of the \$9 million.

**Bernice Smith** asked that the City Council place something on its agenda for senior citizens. She urged that attention be focused on the problems they are experiencing with housing and crime.

**Pastor Adam** — delivered the following message that God asked her to deliver to each Council Member: "There is a change. This change must take place. He wants to take control of Detroit to emerge it from the ruins. What Nehemiah did for Jerusalem, he wants to do it here. He wants to glorify himself here in Detroit." Pastor Adams' concern is that AT&T has placed universal boxes in her neighborhood without notifying citizens.

**Rachel Ziegler** — asked for City Council's support in getting Mayor Bing to sponsor a resolution honoring the Harlem Globetrotters' pioneers from the 1920's through 1950's.

**Norman Thrasher**, Environmental Technical Controls — addressed City Council concerning their program pertaining to the bus shelters in the city. At no cost to the City, they are able to erect over 3000 bus shelters that will provide directions, comfort and shelter for the citizens of Detroit. His company has been in discussions with the Department of Transportation for nearly two years, but to-date no contract has been awarded. He asked that City Council examine the information being distributed and look into the matter.

**Jessica Howell**, ETC Consultants — spoke in support of Environmental Technical Control's Bus Shelter Plan. Ms. Howell believes that in order to turn the city around we have to create new opportunities that will assist in the development of people as well as communities. She asked that the City Council remembers that the people must grow in order for the community to grow.

**Ozell Randle, Jr.** — addressed City Council concerning his late father's business (Randle's Cleaners). He claims that the city is attempting to take the property due to \$11,000 in taxes owed the Water and Sewerage Department (DWSD). Mr. Randle contends that DWSD removed the water meter, waited 13 months and on an estimated bill charged \$250 a month. On the 13th month, they came back to put the meter in but the property was in foreclosure. He asked for City Council's assistance in getting the matter resolved.

**Mother Ruedell D. Holmes** — offered a prayer for the City Council.

**Brandy O'Kennard** — thanked City Council for providing interpreting services so that they (the hearing impaired) can participate in the different issues involving the City of Detroit.

**Council Member Watson:** Offered congratulations to President Pugh on chairing his first meeting and urged all nine council members to travel to D.C. under a coordinated effort with the Mayor and his staff to request that the United States Government provide the same type of support they provided for the auto industry. She also asked for a written report on where we are with the economic stimulus money by next Tuesday (1-12-10). Finally, she asked that the city immediately give the Research and Analysis Division a time for a closed session to discuss GDRRA based on the confidential material they passed out to council members today.

**Council President Pugh:** Asked for a moment of silence for Mother Erma Henderson and Jackie Currie to honor their memory and service. In his opinion, the time since the election has been busier than the campaign. During their preparation, they met with Mr. Whitaker, Mr Corley, Mr. Todd, Ombudsman, Auditor General and so many others. President Pugh thanked Kerry Baitinger, Dr. Powers, Robbie Jabtecki, David Whitaker and the Research and Analysis Division staff for their assistance. He advised that one conversation he had with Irvin Corley was about producing monthly reports on revenue generating. He feels that we cannot cut our way out of this crisis and that we need to give suggestions to the administration on what this city can do to generate revenue. He advised colleagues that he would be reappointing Mr. Donwell to the Board of Review. Finally, he thanked colleagues and the people of the City of Detroit for believing in them.

### Invocation

We praise Your Name for the grace, mercy and peace that sustain the existence of the City of Detroit. We also confess the urgent need for renewal, reconstruction and rejuvenation. Thank you for the diligence and competence of our new city clerk. May she continue to expand the reach of the right to vote to all citizens, even those who have neither address nor transportation. We thank You for our tall, athletic and capable and committed mayor; who knows how to pass the ball and share the glory. We pray that as he comes that he will continue to brace this metropolis with a tough mind and a tender heart. May it be clearly demonstrated that Detroit may be down, but Detroit is not dead. As we have been the arsenal of democracy, so now we are becoming the agency of hope. Lord we know that in 1805 this city was burned to the ground. But by Your grace, we rose up from ashes to lead the world in agency, industry and creativity. And by Your grace we know that we will rise again. By Your grace we know that our possibilities are greater than our problems and the things that unite us is greater than anything that can divide us. O Lord, we know that as those who love You we will rise from poverty to plenty, from public school attrition to intellectual

achievement and from danger to security. We will not falter. We will not fail. We will not fold. For we know that as Detroit goes, so goes Michigan. And as Michigan goes, so goes the world. By Your grace Detroit is still here and Detroit is now ready for any challenge. If it's a job, we can do it. If it's a mountain, we can move it. If it's a budget, we can balance it. If it's deficit, we can erase it. If it's a child, we can teach it. If it's a sport, we can play it. If it's a game, we can win it. If it's a song, we can sing it. If it's a gospel, we can preach it. If it's a hell, we can miss it. And if it's a heaven, we can get there. In the mighty, matchless, name of our infinite power and amazing grace; Amen.

REVEREND DR. CHARLES ADAMS

Mr. Smith introduced the Honorable Governor Jennifer Granholm who made some brief remarks. She thanked Mayor Bing for his choice to run and his choice to serve. She also thanked the Honorable Janice M. Winfrey, Detroit City Clerk, Honorable Charles Pugh, City Council President and all of the members of the Detroit City Council both the rookies and the veterans for a choice to serve during really tough times. Mr. Smith introduced the Honorable Wayne County Clerk Cathy Garrett who administered the Oath of Office to the City Clerk, the Honorable Janice M. Winfrey.

The Honorable City Clerk, Janice M. Winfrey stated the following:

### I Love Detroit

#### *Love is an action word*

**Thank you** Detroit for re-electing me as your Clerk. **Thank you** to the State of Michigan for embracing me and providing me support. **Thank you** to my family, Mom, Dad, my **ever patient husband** Tyrone and our children, **thank you** for your support and encouragement. And **thank you** to all of you who live here and call this City your home; for your dedication and commitment to making Detroit better. I know it's been rough and not at all glamorous, but you decided to stick it out and so again, I say **thank you!**

Many of us were born and raised in this City, lived here all of our lives and we proudly say "I Love Detroit!" but, you know, **love is an action word**. If you complain about that empty house across the street or down the street from you, making your property look bad — yet you've never removed the old circulators or debris from the porch, cut the grass or remove the snow, then that's not love.

*You say you love Detroit, yet you don't drive a GM, Ford or Chrysler — that's not love!*

*You say you love Detroit, but everyday,*

you see your neighbors' teenaged son/daughter being loud, getting on your nerves, walking up and down the street with apparently no goals in mind and you don't reach out to him/her — ***Detroit, you know that's not love.***

It's not enough to *say you love Detroit*, if we are to survive we must **demonstrate** our love because ***love is an action word!*** We demonstrate it by:

- Voting at every election and taking someone (who might not otherwise go) to the polls with you.
- Reminding everyone you encounter that the census will take place this year and that we all must participate in it, so that Detroit doesn't lose another penny but that we receive our fair share.
- You demonstrate your love by holding **us**, your elected officials accountable and reminding us that we work for you and that you expect us to work hard on your behalf and **finally if we love Detroit**, we must **all** learn to agree to disagree, without fighting, name calling and disrespecting each other. Because whether you like it or not, **All of us** — you, as well as, those of us up here — are all role models for this City and as such, we **all** have a responsibility to **work hard, trust each other and treat everyone with respect.** That Detroit, will be the key to our success.

-----

Mr. Smith requested that each Council Member stand. The Honorable City Clerk Janice M. Winfrey administered the Oath of Office. Honorable City Council President Charles Pugh called the Adjourned Session of January 8, 2010 to order. The Honorable City Clerk, Janice M. Winfrey called the roll and presented the gavel to the Honorable Charles Pugh of the Detroit City Council. Honorable Kwame Kenyatta was absent from session.

The Honorable President Charles Pugh stated that a quorum was present and that the Council was now in session.

***“A NEW DECADE, A NEW TONE, A NEW DETROIT”***

**The Detroit City Council President's Inaugural Address  
January 8, 2010  
Allotted Time: 3 mins.**

**Final Draft**

To the Mayor, the Clerk, my Council Colleagues, all other dignitaries and to the Citizens of Detroit, I stand before you today honored and humbled to serve you as President of the Detroit City Council.

Today is possible because of the great giants of service who have come before us. Although the spirits of Erma Henderson, Clyde Cleveland, and Maryann Mahaffey have left us — they still lead us. This new council is motivated by the tireless work of former council members like Gil Hill, Sheila Cockrel,

Reverend Nicholas Hood II and his son Reverend Nicholas Hood III. Their work not only inform us, but inspires us. Will all former council members please stand at this time to be recognized?

As we enter a new decade, we embrace a new Detroit! With a new mayor, a new police chief, a new charter commission, a new charter on the way, a new DPS administrator, new schools and a new city council and council president, it could not be more clear that we have approached a new day and a new beginning. Detroit has a great opportunity to reinvent how we define ourselves, our city, and our community.

The discussion about our city has really been misleading. We have been led to believe that Detroit is only of local and regional significance. However it is time, and the time is now, for us to recognize that our city has national and global significance; **AND**, is ready to embrace the industries, economies and technologies of the future, overcoming our resistance to restructure, in order to, re-engineer ourselves as a smaller, yet stronger Detroit!

We must encourage innovation and incorporate fresh ideas... We **must** adopt a new city plan detailing how we will re-density and redevelop our communities to accommodate our shrinking population. We **must** also change our flawed and outdated budget process. We have to become more proactive when balancing our budget, instead of being reactive.

The challenges we face are real, however, my colleagues and I strongly believe they are solvable. We will work with the Mayor, cooperatively, to ensure that he is **serious** about firming the financial foundation of our city, and to assure that the interest of **all** citizens are taken into consideration.

But if we are going to be successful at reviving Detroit again, we will need **YOU**, the citizens of Detroit, to be involved. We must all begin to be the change we wish to see, as we are our own best hope! We will be calling on you to volunteer at local schools and shelters. We will ask you to form strong neighborhood community associations. We will encourage you to help keep our communities clean and our streets safe. but most of all we will **expect** that you will hold us accountable, reminding us everyday that it is you, the People of Detroit, who we serve!

This past election, my colleagues and I heard you loud and clear! You have said you want competent decision-makers with integrity, rock solid ethics, and **true** transparency. And I promise that is exactly what you will get!

Will all my fellow council colleagues please join me at the podium. Here we stand united, not as five, but nine standing as **ONE!** So we are honored, humbled and eager to serve you.

In this new decade, we are serious

about setting a new tone and working towards creating a new Detroit. So on behalf of all my colleagues, let me boldly say, *ALL the MADNESS of the past, ENDS TODAY!*

-----  
Mr. Smith introduced Kimmie Horne who performed a musical selection.

The Honorable Judge Damon J. Keith administered the Oath of Office to the Honorable Dave Bing.

-----  
**Mayor Dave Bing's  
Inauguration Speech**

Good Afternoon and thank you for that warm introduction. And thanks to everyone here this afternoon. And thank you to the citizens for the honor of being elected the 62nd Mayor of the great City of Detroit.

Today marks the beginning of a new era for Detroit. For quite some time, many have talked about the need to bring change and today that change is before us. This is more than the inauguration of a Mayor or a City Council or City Clerk. It is a new day. And we stand ready to fundamentally change the substance and tone of civic leadership in our city.

We will no longer be defined by the failures, divisiveness and self-serving actions of the past. We are turning the page to a new time in Detroit, focused not just on the challenges we face, but the opportunities we have to rebuild and renew our city... and the Spirit of Detroit.

I look forward to working with our new City Council. Our new members with the steady returning hands of past council members represent a wealth of knowledge, enthusiasm and promise for Detroit. I want you to know that my door is always open to you and that I value your ideas and experience. My administration is committed to continuing to build a relationship defined by cooperation, mutual respect and informed discussion on the issues that matter most to Detroiters.

As you are all well aware, we have a number of significant issues to address in the next four years. We can't hide from those challenges or look for quick fixes that compromise our future. And that's why from Day One, I've made the tough but necessary choices to put our city back on track.

- Implementing a tough new ethics policy and setting higher expectations for my administration.
- Making leadership changes to improve our public safety departments and to reduce crime in our neighborhoods.
- Addressing our budget crises and the need to right size city government with a data-driven and long-term big picture approach.

But this is just the beginning. Many more difficult decisions lie ahead. And at a time when we will be asking our citizens

for sacrifice, it is incumbent on us to lead by example.

Change starts at the top. That's why my appointees were the first city employees to take the 10% salary cut through furlough days. This is an important contribution to help get our fiscal house in order.

City Council will also need to share in this sacrifice. We all work for the citizens of Detroit and they deserve to know that we are spending every dollar to their greatest benefit.

And one of our most important challenges will be restoring trust in city government. Detroiters have been through a difficult time and their confidence in government has been understandably shaken. But I believe we are on the path to regaining that trust with a transparent and open approach to governing. The public has a right to know what we're doing and why we're doing it.

We must also repair the image and perception of Detroit. By changing the way we do our business, by improving our tone, and by sharing in the progress I know we will make, we will be better positioned to attract the investment and jobs we need.

I come from a team background and understand that I cannot do this job alone.

The Mayor's Office, City Council, businesses and nonprofits, faith-based and community leaders, neighborhood block clubs and residents — we need your collective knowledge, resources and passion for Detroit to be part of the solution.

I wouldn't be here without the support of many of the people here today, and I want to take this opportunity to thank them — especially my family. And I want to call upon all those who have yet to join us in this new era of cooperation. Change is never easy. But no matter our differences, we must always remember we're working toward the same goal of building a better future for Detroit and Detroiters.

By coming together and working together we can make Detroit the city we all want it to be.

Thank you.

-----  
Bishop Charles H. Ellis, III of Greater Grace Temple, the City of David gave the Benediction.

**Benediction**

Thank you Mr. Master of Ceremonies. And while he did not take the privilege to single out some individuals, I would like to take privilege just for a moment to single out some individuals that I've been blessed or forty-five years to admire. And Detroit has been through such a rough time that we forget that we have some great distinguished people that through many decades have served with integrity and honor. And I would just like to honor the Honorable John Conyers and John Dingell and Justice, the Honorable Judge Damon Keith. We forget that we do have

heroes and we do have people in this community that have served for a multiplicity of decades; never once thinking about themselves; but working for the people of this country. I ask now that you would stand and that you would join hands as the song was sung, on numerous occasions "Reach out and Touch Somebody's Hand, Make this World a Better Place." I would change the lyrics, "I Know You Can."

Lord, as we leave this place on today, we celebrate that You have created us as individual beings and creatures. You have graced us with the multiplicities of talents and gifts as well as expertise. And as we leave this place on today, let us not leave individualistically. Let us not serve selfishly. Let us not have a republican mind or a democratic mind or a tea party mind or an independent mind; an old mind or a young mind. But let us have your mind. You declared that if we trust in You with all our hearts and lean not unto our own understanding, but in all of our ways acknowledge You; that You would indeed direct our path. And if there was ever a time that we needed You, and that we need Your direction; that time is right now. Bless us Lord to be a unified people. For where there is unity, there is strength. And now that the word has been spoken, let us depart from this place and do the work that You might get the glory out of this great city. In the name of our Lord Jesus we pray; Amen.

BISHOP CHARLES H. ELLIS III

General Services Department**

December 16, 2009

Honorable City Council:

Re: Authorization to Accept, Establish and Appropriate Federal Stimulus Grant Appropriation No. 13132 ARRA-DOE-EECBG-GSD-DBA.

The City of Detroit has been awarded an Efficiency Block Grant (EECBG) in the amount of \$8,862,400 grant from the U.S. Department of Energy (DOE). The grant was awarded in response to the DOE's Funding Opportunity Number DE-FOA-0000013. The EECBG grant will enable Detroit to improve the energy efficiency of selected public buildings and facilities. By reducing overall energy usage in inefficient buildings, financial resources will be freed up to invest in ongoing energy conservation improvements throughout the Detroit's building inventory.

Detroit's EECBG grant period started October 12, 2009, when notification of the grant award was received by the General Services Department (GSD) from the DOE. All funds from this grant award must be committed/contracted within 180 days of this commitment date and expended within 36 months. In order to accomplish this task the GSD has partnered with the Detroit Building Authority (DBA) to assist us in the management of the grant.

Given these tight time constraints, GSD is anxious to move forward on the EECBG program. Therefore, it is requesting City Council's acceptance of this award so that this important work can begin.

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Association of City of Detroit Supervisors.

The Labor Relations Division has recently reached agreement with the Association of City of Detroit Supervisors on a 2005-2012 labor contract. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body authorize action to 1) implement the health care concessions as specified in Schedule A, and 2) reduce the standard work hours to achieve the ten percent (10%) wage concessions that should have occurred during the July 1, 2005-June 30, 2008 contract period and the twenty-six (26) mandatory Budget Required Furlough (BRF) days for the July 1, 2008-June 30, 2012 contract period, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked as set forth in the attached Exhibit A. It is recommended that these provisions of the labor agreement become effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,

BARBARA WISE-JOHNSON

Re: Request Permission to Accept an Increase in the Safe Communities: Underage Drinking Grant for the Fiscal Year 2009/2010.

The Michigan Office of Highway Safety Planning (M.O.H.S.P.) has awarded the Detroit Police Department (DPD) a "Safe Communities: Underage Drinking Grant" in the amount of **\$120,000.00, with no cash match**. The grant is currently in the Fiscal Year 2009/2010 Red Book for **\$100,000.00** (Appropriation #12867 — Cost Center 372185). Fortunately, the DPD was awarded a **\$20,000.00** increase.

The goal of the M.O.H.S.P. is to eliminate the underage consumption of alcohol at special events, eliminate adults furnishing alcohol to minors, reduce the number of alcohol-related traffic crashes, and promote community awareness of problems associated with underage drinking. This program emphasizes education, prevention, and enforcement to discourage minors from consuming and attempting to consume alcohol.

In the past, enforcement activity occurred only within the Central District. The increase in funding will allow personnel from all of the DPD's Districts and Precincts to participate; and pay for any overtime incurred as a result of this endeavor. Sergeant Pride Henry, of the Central District, will continue to serve as the Project Director.

Acceptance of the aforementioned grant requires from your Honorable Body via the adoption of the enclosed resolution. The Board of Police Commissioners has been apprised of the increase in the award amount and approves the DPD's participation.

Honorable City Council:

Re: 2010 Guidelines for Poverty Tax Exemption.

The Citizens Board of Review revised the income guidelines and the application, which are to be used in evaluating 2010 petitions for poverty exemption from property taxes. The enclosed procedures and guidelines are being submitted to your Honorable Body for adoption pursuant to Public Act 390 of 1994.

The Board of Review will begin processing petitions for poverty exemption on or about February 1, 2010 and therefore, will need to have guidelines adopted by your Honorable Body on or before that date. We respectfully request a waiver of re-consideration.

Respectfully submitted,

WILLIE DONWELL

Chairman, Board of Review

**Detroit Citizens Board of Review  
2010 Process for Reviewing  
Poverty Exemption Application**

1. The Applicant must own and occupy the Property as their primary Homestead on or before December 31 of the previous year.

2. A Homestead with a Taxable Value of \$95,000, and above will not be considered for exemption unless there are extenuating circumstances. **All Homesteads and/or any applicant with this set of circumstances must submit signed legal and/or medical documentation to the Board of Review.**

3. Taxpayer's household income that does not exceed proportioned amount over the stated guidelines for full exemption can be granted a fifty-percent (50%) partial exemption.

Applicant is required to complete 5-page application form along with **ALL** required documentation verifying family composition, all sources of annual income, i.e., rents, Family Independence Agency grants, Michigan Homestead credit, medical and household bills, all other assets, bank statements and other pertinent data requested on the application. (A copy of the application is attached.)

The Applicant is required to submit to the Board of Review the federal and state income tax returns for **ALL** persons residing at the property, including any property tax credit returns, filed in the immediately preceding year or in the current year or submit the enclosed affidavit explaining that no income tax returns were filed and submit a signed release of information request for any and all authorities or services requested including IRS, State of Michigan,

etc. The applicant is also required to submit to the Board of Review the most current report card (or a transcript) or any third party verification from an appropriate government, educational, employment or other entity that will be accepted by the Board of Review containing the address for all persons residing at the property under the age of 18 supporting residency.

4. HOUSEHOLD (RELATED AND NON-RELATED) COMPOSITION AND ANNUAL INCOME — While recognizing that there is no universally agreed upon view as to what constitutes poverty, the Detroit Board of Review has established the following maximum eligible income as a "guideline" and as an aid in eliminating subjective judgments for reviewing 2010 petitions.

Number in Household	Maximum Income for Full Exemption	Maximum Income for Partial Exemption
1	\$16,660.00	\$19,160.00
2	\$19,950.00	\$22,450.00
3	\$22,100.00	\$24,600.00
4	\$25,600.00	\$28,100.00
5	\$27,400.00	\$29,900.00
6	\$29,500.00	\$32,000.00

Add \$3,700.00 to the income limit for each household member above six for a Full Exemption and add \$1,500.00 to the proportioned Full Exemption for a Partial Exemption.

In addition, the total household assets (i.e. bank accounts, other real property, boats, campers, stocks, bonds, IRA's, etc.) SHALL NOT exceed \$5,000. Verification of additional assets will be done for all parties and household members applying for a poverty exemption. Information not provided by applicant that is discovered by the Board of Review may result in a denial of application.

5. Each application is reviewed as to its individual circumstances based upon all facts submitted by the applicant. The Board of Review in judging the taxpayer's ability to meet the tax obligation utilizes all information. If the taxpayer is within the above guidelines, the taxpayer will be granted a full or partial exemption. If the taxpayer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for granting or denying of an exemption and the reason shall also be noted on the application. These guidelines are in accord with the amendments to Section 7(u) of M.C.L.A.211. et seq.

It should be noted that each taxpayer's circumstances are considered anew each year.

Honorable City Council:  
 Re: Establishment of the Central District Christian Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Central District Christian Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 (“the Act”).

Your Honorable Body conducted a public hearing on this matter on November 18, 2009 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the developer proposes to invest \$2 million to complete this

in-fill housing project. *The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your first formal session after January 18, 2010.*

Respectfully submitted,  
MARJA M. WINTERS  
Deputy Director

By Council Member Jenkins:

Whereas, Michigan’s Public Act 147 of 1992, the Neighborhood Enterprise Zone Act (“the Act”), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Central District Christian NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Re: Address: 6635-41 Army 103. Name: Maria E. Rubio. Date ordered removed: October 2, 2007 (J.C.C. pages 2534-9).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

The owner has paid the current taxes due as of October 23, 2009.

The proposed use of the property is rehabilitation and sale.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

**PUBLIC COMMENT**

**Donna Harris**, president, of Northstar Community Corporation, a non-profit organization, asked City Council's input involving a matter which had been before City Council involving the Titan Pointe Development Project. Ms. Harris stated her non-profit had not been provided with updated information regarding reconsideration by the city involving opposition and further disposition involving the project. She provided letters to the members for their review and asked that she be allowed to return at a later date to present a full status report on their organization.

**Clifford Appling**, community representative of Martin Park District Association, stated his organization is in support of Northstar Community Corporation. He added they have been engaged in volunteer efforts to help that organization sustain itself for the past three years.

**Zeline Richard**, resident of Martin Park, expressed concern about what had previously been presented to City Council as it relates to the area around Northstar.

**Council Member Jenkins** put forth a motion to remove this item from Council's agenda (item #77), refer same back to the Planning and Economic Development Standing Committee, and the City Planning Commission is to meet with the representatives today and provide a report next week; Member Watson supported the motion; all were in favor; motion carried 9-0.

**Robert Bartlett**, vice president, of Review Works, distributed a packet and indicated to Council that under a previous contract with the city for 20 years, which ended May 30, 2009, the city allegedly refuses to pay the contractor for work performed because the city wants additional services without further compensation. He stated his company reviewed the contract with the Mayor's Office and Risk Management, but the services he has been asked to perform goes well beyond the scope of services previously provided and contracted for. He further stated his company is currently owed \$187,000 dating back to 2008, and that they have received correspondence from Risk Management informing him a check is being withheld until his company performs additional service. He said he would be happy to perform them, but not free of charge. Mr. Bartlett was asked by President Pugh what services he provided to the city and he responded they provide medical billing review services for the Workers Compensation Department.

**Lewis Smith**, of the Law Department, suggested the matter be referred to the Budget, Finance, and Audit Standing Committee in order for the Finance Department to provide a report because he feels this matter will lead to a contract dispute as to exactly what the scope of services was. President Pugh then requested the matter be referred to the Budget, Finance, and Audit Standing Committee.

**Cynthia Carter** complained of landlord-tenant issues in the City of Detroit. She stated that she is currently a resident at the Casmere Apartments located at 680 Delaware St. in which the residents are living in the structure without any electricity or heat as a result of a power outage due to an electrical fire. She said management is not doing anything to help the residents; therefore, she had to call outside sources for assistance for the residents. Ms. Carter asked whether or not there were laws to help tenants.

**President Pugh** suggested the residents meet with non-profit organizations such as The Red Cross and United Way. Member Watson asked her to contact Ted Phillips of the United Housing Coalition/Michigan Legal Services for assistance, and also requested the Research & Analysis Division to draft an ordinance which will hold landlords accountable. President Pro Tem. Brown asked one of his staff persons to meet with Ms. Carter.

**Clifford Jones**, who is also a resident of the Casmere Apartments, said he had the same issues as Ms. Carter.

**Abayomi Azikiwe** appeared today to lend support from his non-profit organization, Moratorium Now! Coalition, to the residents of the Casmere Apartments.

**Major Ben Loyd**, of the United States Air Force, petitioned City Council's assistance and support in allowing Gulf War I and II veterans to buy back their military time for the purpose of retirement because presently Korean, Vietnam, and World War II veterans can buy back their military time for the purpose of retirement. He feels the city has not recognized Gulf War I and II vets. Mr. Loyd said he had spoken to Retirement System personnel and was informed by them the City Council was working on the matter. He added he is present today to follow up on the status of the case because he was appalled and disappointed that in 2010 they are still discussing this matter and he also feels there is a sense of urgency for this Honorable Body to get it done and make it happen for the veterans.

**President Pugh** thanked Mr. Loyd for his service to this country and to the City of Detroit and directed that the matter be referred to the Internal Operations Standing Committee. Member Cockrel asked the Fiscal Analysis Division to look into it as well. Member Watson asked the members of City Council who are on the Pension Board to address this in their Pension Board meetings, and also for the appropriate legislation to be drafted by the Research and Analysis Division.

**Rosie Gardener** informed Council she is having a problem with two abandoned properties which are adjacent to her property (6108 Lawton) which are owned by an absent, out-of-state landlord who does not maintain the properties. President Pugh referred Ms. Gardener's issue to the Public Health and Safety Standing Committee.

Re: Employee Loan Program.

In fulfillment of their collective bargaining obligations under the Michigan Public Employees Relations Act ("PERA") MC423.215, the parties agree that a Participant Loan Program will be available to bargaining unit members. It terms will be as follows:

(a) **Established:** Any loans granted or renewed shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C.1 et seq. Such loan program shall be established in writing by the Board of Trustees, and must include, but need not be limited to the following:

1. The identity of the administrator of the Participant Loan Program;
2. A procedure to apply for loans, the amount of loan that will be approved or

denied, and limitations, if any, on the types and amount of loans offered;

3. The procedure under the program for determining a reasonable rate of interest; and

4. The events constituting default and the steps that will be taken to preserve plan assets.

(b) **The Loan Program:** The Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System.

(c) **Eligibility:** Subject to the rules and procedures established by the General Retirement System Board, loans will be made to bargaining unit members. Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for twelve (12) months or more is eligible to apply for a loan from this plan.

(d) **Amount of Loan:** A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participant's vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

(e) **Terms and Conditions:** In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

1. Loan applications shall be in writing;

2. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period;

3. Each loan shall be made against the assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral promissory note for the amount of the

loan, including interest payable to the order of the trustee;

4. Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.

5. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayment to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participant's account balance, and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under Section 47-2-18 of the City Code.

(h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.

(i) **Annual Report:** The General Retirement System shall include, in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the fiscal year covered the costs of administering the program.

Based on the request of the union, in

recognition of what it views as the severest of economic hardships now being experienced by its bargaining unit members, the parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon ratification by the Union and approval of City Council. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the General Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement in full text shall be incorporated in the successor Labor Agreement and shall remain in full force for the duration of said successor agreement, and in recognition that the Participant Loan Program is a mandatory subject of bargaining, no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.

Re: Employee Loan Program.

In fulfillment of their collective bargaining obligations under the Michigan Public Employees Relations Act ("PERA") MC423.215, the parties agree that a Participant Loan Program will be available to bargaining unit members. It terms will be as follows:

(a) **Established:** Any loans granted or renewed shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C.1 et seq. Such loan program shall be established in writ-

ing by the Board of Trustees, and must include, but need not be limited to the following:

1. The identity of the administrator of the Participant Loan Program;

2. A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;

3. The procedure under the program for determining a reasonable rate of interest; and

4. The events constituting default and the steps that will be taken to preserve plan assets.

(b) **The Loan Program:** The Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System.

(c) **Eligibility:** Subject to the rules and procedures established by the General Retirement System Board, loans will be made to bargaining unit members. Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for twelve (12) months or more is eligible to apply for a loan from this plan.

(d) **Amount of Loan:** A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participant's vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

(e) **Terms and Conditions:** In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

1. Loan applications shall be in writing;

2. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the

payroll deduction be less than twenty dollars (\$20.00) for any two-week period;

3. Each loan shall be made against the assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral promissory note for the amount of the loan, including interest payable to the order of the trustee;

4. Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.

5. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayment to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participant's account balance, and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under Section 47-2-18 of the City Code.

(h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.

(i) **Annual Report:** The General Retirement System shall include, in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest

received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the fiscal year covered the costs of administering the program.

Based on the request of the union, in recognition of what it views as the severest of economic hardships now being experienced by its bargaining unit members, the parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon the signing of this Memorandum of Understanding and ratification by City Council. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the General Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement in full text shall be incorporated in the successor Labor Agreement and shall remain in full force for the duration of said successor agreement, and in recognition that the Participant Loan Program is a mandatory subject of bargaining, no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.

Re: Employee Loan Program.

In fulfillment of their collective bargaining obligations under the Michigan Public Employees Relations Act ("PERA") MC423.215, the parties agree that a Participant Loan Program will be available to bargaining unit members. Its terms will be as follows:

(a) **Established:** Any loans granted or renewed shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C.1 et seq. Such loan program shall be established in writing by the Board of Trustees, and must include, but need not be limited to the following:

1. The identity of the administrator of the Participant Loan Program;
2. A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;
3. The procedure under the program for determining a reasonable rate of interest; and
4. The events constituting default and the steps that will be taken to preserve plan assets.

(b) **The Loan Program:** The Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System.

(c) **Eligibility:** Subject to the rules and procedures established by the General Retirement System Board, loans will be made to bargaining unit members. Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for

twelve (12) months or more is eligible to apply for a loan from this plan.

(d) **Amount of Loan:** A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participant's vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

(e) **Terms and Conditions:** In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

1. Loan applications shall be in writing;
2. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period;

3. Each loan shall be made against the assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral promissory note for the amount of the loan, including interest payable to the order of the trustee;

4. Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.

5. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be

required to make loan repayment to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participant's account balance, and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under Section 47-2-18 of the City Code.

(h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.

(i) **Annual Report:** The General Retirement System shall include, in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the fiscal year covered the costs of administering the program.

Based on the request of the union, in recognition of what it views as the severest of economic hardships now being experienced by its bargaining unit members, the parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon ratification by the Union and approval of City Council. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the General Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement in full text shall be incorporated in the successor Labor Agreement and shall remain in full force for the duration of said successor agreement, and in recognition that the Participant Loan Program is a mandatory subject of bargaining, no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.

Re: Employee Loan Program.

In fulfillment of their collective bargaining obligations under the Michigan Public Employees Relations Act ("PERA") MC423.215, the parties agree that a Participant Loan Program will be available to bargaining unit members. It terms will be as follows:

(a) **Established:** Any loans granted or renewed shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C.1 et seq. Such loan program shall be established in writing by the Board of Trustees, and must include, but need not be limited to the following:

1. The identity of the administrator of the Participant Loan Program;

2. A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;

3. The procedure under the program for determining a reasonable rate of interest; and

4. The events constituting default and the steps that will be taken to preserve plan assets.

(b) **The Loan Program:** The Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System.

(c) **Eligibility:** Subject to the rules and procedures established by the General Retirement System Board, loans will be made to bargaining unit members. Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for twelve (12) months or more is eligible to apply for a loan from this plan.

(d) **Amount of Loan:** A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participant's vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

(e) **Terms and Conditions:** In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

1. Loan applications shall be in writing;

2. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period;

3. Each loan shall be made against the

assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral promissory note for the amount of the loan, including interest payable to the order of the trustee;

4. Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.

5. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayment to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participant's account balance, and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under Section 47-2-18 of the City Code.

(h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.

(i) **Annual Report:** The General Retirement System shall include, in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to

whether the interest charged in the fiscal year covered the costs of administering the program.

Based on the request of the union, in recognition of what it views as the severest of economic hardships now being experienced by its bargaining unit members, the parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon ratification by the Union and approval of City Council. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the General Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement in full text shall be incorporated in the successor Labor Agreement and shall remain in full force for the duration of said successor agreement, and in recognition that the Participant Loan Program is a mandatory subject of bargaining, no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.

On October 27, 2009, your Honorable Body authorized the sale of the above captioned property to TVC Grand River MLK, LLC, a Michigan Limited Liability Company, for the construction of a CVS Pharmacy and a paved surface parking lot.

It has come to our attention that the legal description and the name of the legal entity were issued in error. **STATEMENT BY COUNCIL MEMBER SAUNTEEL JENKINS EXPLAINING DECISION TO ABSTAIN FROM VOTING ON STRATEGIC STAFFING SOLUTIONS**  
January 26, 2010

Today I chose to abstain from voting on item number seven (7) during the formal session (new business). This item was a contract for Strategic Staffing Solutions. Strategic Staffing Solutions has been a contractor with the City of Detroit for nearly two decades.

Senior Vice President for Strategic Staffing Solutions, Carl Bentley is my fiancé. We plan to be married later this year. I have requested an advisory opinion from the Board of Ethics regarding possible conflicts and I am awaiting the results. In the meantime, I have reviewed the Ethics

Ordinance and sought advice from the Director of the Board of Ethics.

The "Ethics Ordinance" is codified in Chapter 2, Article 6 of the Detroit City Code. Division 2, §2-6-32 requires a disclosure of possible interest in city contracts. This provision implements the directive of §2-106 of the 1997 Detroit City Charter that this article shall "provide for the reasonable disclosure of a substantial financial interest held by any public servant in a contract with the city where the public servant exercises significant authority over the solicitation, negotiation, approval, amendment, performance or renewal of such city contract in the performance of his or her duties". Specifically, the provision applies to "immediate family" and "domestic partners" as defined in the ordinance.

Under this section, *Immediate family* means: "(1) A public servant's spouse; or (2) A public servant's domestic partner; or (3) An individual claimed by a public servant or a public servant's spouse as a dependent under the United States Internal Revenue Code, being 26 USC 1 et seq.; or (4) An individual who lives in the household of a public servant. *Domestic partner* means one of two adults who (1) Have a common residence; and (2) Agree to be jointly responsible for each other's basic living expenses incurred during the domestic partnership; and (3) Are not married or are not a member of another domestic partnership; and (4) Are not related by blood in a way that would prevent them from being married to each other in this state; and (5) Are at least eighteen (18) years of age; and (6) Have chosen to share one another's lives in an intimate and committed relationship of mutual caring; and (7) Are capable of consenting to the domestic partnership."

Based on the above definitions Carl Bentley does not currently qualify as an immediate family member, including a spouse or domestic partner. So there is no requirement to disclose or abstain from voting. However, I believe the intent of the Ethics ordinance is to prevent even the "appearance of impropriety" and to promote transparency in government. Therefore, it is in that spirit that I have chosen to disclose this personal relationship and abstain from voting on this or any future Strategic Staffing Solutions contracts, unless otherwise instructed by the Board of Ethics.

Thank you.

Honorable City Council:

Re: Final Environmental Impact Statement and Final Section 4(f) Evaluation for the Detroit Intermodal Freight Terminal (DEPARTMENTAL REPORT).

On December 1, 2009, the Federal

Highway Administration (FHWA) approved the Final Environmental Impact Statement (FEIS) and Final Section 4(f) Evaluation for the proposed Detroit Intermodal Freight Terminal (DIFT). The Michigan Department of Transportation (MDOT) is requesting the return of any comments by Friday, January 29, 2010.

The DIFT project is located at the Livernois-Junction Yard intermodal freight terminal which is generally bounded by John Kronk Avenue on the north, Livernois Avenue on the east, Dix Avenue on the south, and Wyoming Avenue on the west.

The FEIS describes the social, economic, and environmental impacts of the proposed improvements at the Livernois-Junction Yard. The FEIS document also includes a summary of the project purpose, the alternatives considered, and detailed analysis of the recommended expansion of the Livernois-Junction Yard referred to as the "Preferred Alternative".

In part, because of the complexity of the project, negotiations to address community concerns, and the challenge of negotiating with four railroads, the FEIS for the DIFT has been delayed. **The Draft EIS was approved on April 15, 2005 with public hearings held in June 2005.**

During the time period work was being done on the DEIS and FEIS, a Working Group for a Community Benefits Agreement on the DIFT (consisting of area representatives, residents, area nonprofits, and City staff) was established and actively negotiated with MDOT to resolve many of the outstanding issues. It appears that MDOT has crafted a final proposed Preferred Alternative that is, for the most part, generally supported by the majority of major stakeholders.

Below you will find our review of the project and the FEIS. At the end of this report is a draft resolution for City Council's consideration.

## **BACKGROUND INFORMATION AND HISTORY OF THE PROJECT**

### ***Railroad Info***

The Detroit area is currently served by four main railroads: Norfolk Southern (NS), CSX, Canadian National (CN), and Canadian Pacific (CP). All four of these railroads are involved with intermodal transportation which is a shipping method using two modes of transportation, trucks and trains. Area intermodal yards for the four railroads are as follows:

- NS and CSX currently operate an approximately 300-acre intermodal yard at the Livernois-Junction Yard. NS also has intermodal terminals in Melvindale and at Willow Run.

- CN operates an intermodal yard in Ferndale, MI referred to as the Moterm Terminal.

- CP operates an intermodal yard at the intersection of the Southfield and I-96 Expressways referred to as the Oak

Terminal. In June 2004, CP closed an intermodal terminal at the Michigan Central Depot referred to as the CP Expressway.

### ***Preliminary Studies***

Since the early 1990's, MDOT has been studying the intermodal freight terminal needs of the metro Detroit area. In 1993/94, MDOT hired Mercer Management Consulting, Inc. to assess the supply and demand for intermodal services in the greater Detroit area. In conclusion, Mercer recommended that MDOT move forward to explore the concept of a single joint facility as the long-term solution, and that, after studying several regional sites, the Livernois-Junction Yard was recommended as the best site for the proposed intermodal center.

In 2001, MDOT hired the Corradino Group of Michigan, Inc. to conduct a "feasibility study" of an expanded intermodal yard at the Livernois-Junction Yard referred to as the DIFT. During that time, the Corradino Group wrote four technical reports, studying three different rail strategies summarized as follows:

#### Rail Strategy #1 (No Action Alternative)

- Keep the DIFT at its existing size of about 300 acres
- No federal funds invested, because it does not accommodate additional railroads
- No infrastructure improvements

#### Rail Strategy #2

- Expand the DIFT by adding about 45 acres near the Michigan Central Depot
- Limited federal funds and limited infrastructure improvements
- Truck-only road along rail corridor considered, but eliminated
- Lonyo and Central could be grade separated, if cost effective

#### Rail Strategy #3 (Consolidation)

- Expand the DIFT to 840 acres
- 6 total gates proposed
- In the year 2025, expected to handle 15,838 intermodal trucks daily
- Perimeter road and buffer created, John Kronk eliminated
- Major infrastructure improvements, including walls and paving the yard
- Lonyo and Central grade separated and truck-only road developed along rail line

- Approximately 74 dwelling units and 78 businesses relocated

After each technical report was produced, the MDOT solicited feedback. In December 2001 and February 2002, the City Planning Commission held public hearings with over 800 residents and numerous area representatives voicing concerns, primarily about the size of the project, impact on the quality of life, pollution, and increased truck traffic.

At the time, a group called the Communities for a Better Rail Alternative (CBRA) representing 50 community orga-

nizations and 900 residents was established to propose an alternative that would not jeopardize the revitalization of the area. Another established group, Gateway Communities Development Collaborative (GCDC) made up of representatives from various local nonprofits raised numerous concerns about the consolidation alternative as presented.

The Corradino Group concluded its research by recommending to MDOT that the DIFT project was feasible and an EIS should be prepared.

#### **DRAFT ENVIRONMENTAL IMPACT STATEMENT**

##### ***Initial Scope of the DEIS and First Council Resolution***

In March 2002, FHWA issued a Notice of Intent to prepare an EIS on the proposed DIFT project, focusing on just the No Action Alternative and refinements of Rail Strategy #3.

In July 2002, in response to community concerns, the Detroit City Council adopted a resolution indicating its opposition to Rail Strategy #3 in part because of the truck traffic, location, environmental impact, and business/residential relocation/loss.

In late 2002, FHWA determined that the EIS must consider a range of practical alternatives. As a result, in March 2003, the EIS was reissued to study the following three alternatives:

##### Alternative #1 — Do Nothing

- Allow the railroads to improve/develop individual intermodal rail yards throughout Southeast Michigan as they wish, with no federal funding or oversight

##### Alternative #2 — Improve/Expand

- Improve/expand the individual intermodal rail yards at their current locations, but with federal funding and oversight

- This included possibly expanding the Moterm yard onto the MI State Fairgrounds

##### Alternative #3 — Consolidation

- Bring all four major railroads and their intermodal operations into the site of the Livernois Junction Yard in southwest Detroit, with federal funding and oversight

- 4 gates proposed
- Study two truck-only roads (one exiting on Springwells and one exiting on Schaefer)

- Reevaluate previous research, including the projected number of daily trucks

##### ***2nd and 3rd City Council Resolutions***

While it was viewed as positive that MDOT added the additional alternative, there was continued concern about a consolidated yard at the Livernois-Junction Yard. In June 2003, City Council passed two resolutions: one reaffirming the City Council's opposition to consolidation of regional intermodal activity at a single location and raising concerns about negative environmental and health impacts,

and the second requesting, in part, that the DIFT public meetings process be modified to include several public hearings and the MDOT designate a seat on the DIFT local Advisory Council for CPC staff.

In early 2005, CBRA continued to advocate for its alternative, but it had not been able to advance a discussion on whether to consider negotiation with MDOT. At that point, the GCDC determined that it would support a strategy of negotiation with MDOT to improve and refine the current DIFT proposal. Soon thereafter, a group called the Working Group for a Community Benefits Agreement on the DIFT was established.

##### ***Release of the DEIS***

In May 2005, MDOT issued the DRAFT EIS which included the three alternatives as previously listed, but also added a fourth Alternative which included the following in part:

##### Alternative #4 — Composite Option

- Proposed consolidate Intermodal operations of CSX, NS, and CP at the Livernois-Junction Yard while improving/expanding the existing CN yard at Moterm (in Ferndale north of Eight Mile Rd. and east of Woodward)

- Relocate 51 business and 33 residential units

For the DEIS, MDOT did not select a preferred alternative. Also, MDOT amended its previous research by determining that Alternative #3 Consolidation would generate 5,000 daily truck trips and require the relocation of 64 business and 83 residential units.

In July 2005, the Working Group for a Community Benefits Agreement on the DIFT established the position that "No Action" is an unacceptable option and that alternatives #2, #3, and #4 do not go far enough in addressing community concerns. The group requested that a community benefits agreement resulting in concrete infrastructure improvements, job expansion, protection of community assets, etc. be required.

##### ***4th City Council Resolution***

In October 2005, the City Council passed a resolution including the following: 1) Council did not support any of the alternatives in their present form, 2) to reaffirm that it opposes the No Action Alternative and Alternative #3 or any other alternative unless, in part, benefits are defined through a community benefits agreement, and 3) the continued need to address environmental concerns.

##### ***New 2006 Alternative***

In July 2006, MDOT released Alternative #4 Modified — MDOT's Preferred Alternative. This consisted of Alternative #4 without expansion at CN's Moterm yard and without CP Expressway at the Livernois-Junction Yard. During that time, MDOT negotiated with the Working

Group for a Community Benefits Agreement on the DIFT and both sides agreed to a list of Community Enhancements. On November 3, 2008, MDOT last provided an update on the DIFT project to City Council's Public Health and Safety Standing Committee which included Alternative #4 Modified".

#### **FINAL ENVIRONMENTAL IMPACT**

##### **STATEMENT**

The FEIS primarily consists of the information submitted in the DEIS, including a review of the four Alternatives previously described in this report, and then a detailed discussion of the Preferred Alternative. The FEIS also includes a Final Section 4(f) Evaluation, required for impacts on historic properties.

The Preferred Alternative primarily consists of the following:

- CSX and NS intermodal rail operations will expand at the Livernois-Junction Yard
- The NS Triple Crown yards might move from Melvindale to the Livernois-Junction Yard
- CP will move its intermodal operations from the Oak terminal to the Livernois-Junction Yard
- CN will not move its Motern operation to the Livernois-Junction Yard and not expand its terminal in Ferndale

Also included along with the Preferred Alternative is an area wide rail improvement plan to address rail connection problems that would improve the efficiency of regional rail operations.

##### **Map of the Preferred Alternative Area**

The Preferred Alternative is proposing to expand the Livernois-Junction Yard by 169 acres which is much less than the 300+ acre expansion originally proposed. The proposed expanded yard would stretch from Livernois Avenue on the east to Wyoming Avenue to the west (in the City of Dearborn). The yard would not expand as far northward as previously envisioned. Please see Attachment A for a map of the Preferred Alternative — the yellow boundary line highlights the Preferred Alternative.

##### **Summary Table of Preferred Alternative vs. No Action Alternative**

Attachment B provides a table highlighting various aspects of the Preferred Alternative at the Livernois-Junction yard compared to the No Action Alternative.

#### **FEIS ANALYSIS**

##### **Community Mitigation and Enhancements**

The FEIS states the goal of mitigation measures is to preserve, to the greatest extent possible, existing neighborhoods, land use, and natural resources, while making improvements. Within the FEIS is a Green Sheet listing the project Mitigation Summary (please see Attachment C for a copy of the Green Sheet). The Green Sheet lists the four-

teen proposed impacts and then a series of mitigation measures many of which are also listed in the table on Attachment B.

The FEIS also reports in response to meetings with the Working Group for a Community Benefits Agreement on the DIFT and local officials, MDOT has agreed to participate, along with FHWA, in a set of improvements in the community related to the project. There are eight Community Enhancements listed on the Green Sheet. The following lists a summary of the proposed enhancements:

- Not more than \$11 million toward the improvements of local roads surrounding the DIFT yard, including sidewalks, streetscapes, and lighting;
- Reduce truck traffic on neighborhood streets, including closing the intermodal gate at the intersection of Dix and Waterman Avenues and channeling trucks north on Livernois toward I-94 rather than south toward residential properties on Dragoon Avenue;
- MDOT will participate with other stakeholders in funding a study of economic development opportunities to support small business in the DIFT area;
- MDOT will develop a comprehensive plan to control air pollution during construction;
- MDOT will work with SEMCOG, MDEQ, and the private sector to create an action plan that includes short-term and long-term objectives aimed at reducing air pollution in the study area; and
- MDOT will coordinate with other stakeholders to explore job training opportunities in the project area.

Many of these are in direct response to requests from community stakeholders, residents, and the City of Detroit.

##### **Closing Lonyo Avenue**

One of the more controversial aspects of the Preferred Alternative is the proposed closing of Lonyo Avenue at the railroad tracks south of John Kronk Avenue. The FEIS states that the Preferred Alternative requires long straight sections of rail yard for efficient intermodal operations, and this can only occur by closing Lonyo Avenue and lowering Central Avenue under the rail yard. CPC staff understands it would be cost prohibitive to tunnel both Lonyo and Central under the rail yard.

CPC staff thinks there are pros and cons to closing Lonyo Avenue at the railroad. The benefits include the following:

- it would allow the DIFT project to create a usable space for intermodal consolidation;
- it would eliminate the existing dangerous crossing of Lonyo Avenue and the railroad;
- it would lesson busy truck and car traffic on Lonyo between John Kronk and Michigan Avenues, which is primarily

developed with single-family houses, Romanowski Park, and a nearby school; and

- it would allow for the redevelopment of a new ADA accessible Central Avenue underneath the railroad.

The cons include the following:

- it would close a heavily used north/south road;
- it would force vehicles to use other routes, most likely to include Wyoming, Miller, or Central Avenues; and
- it would disrupt long established circulation patterns for traversing the neighborhood.

Because the road closure is needed to allow the project to move forward and because of the benefit, CPC staff recognizes the impacts but is not opposed to the closure.

### **Zoning**

The FEIS reports that the proposed expansion would take place on industrial land, but ten acres (assumed to be the residential area) of the 169 acres are residential and would need to be rezoned.

The Detroit Zoning Ordinance only permits intermodal freight terminals as a conditional use in the M4 (Intensive Industrial District) zoning districts and as a by-right use in the M5 (Special Industrial District) zoning districts.

Most of the existing Livernois-Junction yard is zoned either M4 or M5. The proposed Preferred Alternative expansion on the north side of John Kronk Avenue would be on land zoned either M4, M3 (General Industrial District), or R2 (Two-Family Residential). The proposed expansion south of the rail line would be on land zoned M4.

The State of Michigan is exempt from the City's Zoning ordinance, but CPC staff recommends that the State agree to comply with local zoning restrictions. If the State agrees, then it would need to apply for a conditional land grant on any land zoned M4 and would need to rezone any land zoned R2 or M3 to a more intense zoning classification.

### **Master Plan**

The FEIS reports the Preferred Alternative is consistent with Detroit's Master Plan. The FEIS used the City's 1992 Master Plan and states it could not use the recently amended Plan, because it had not been approved in time.

CPC staff checked for compliance with the recently approved Master Plan of Policies from July 2009. The proposed land for the Preferred Alternative (south of the rail line) is located in the Springwells Neighborhood of Cluster 5. It appears all of the existing Livernois-Junction Yard is designated Distribution/Port Industrial and the area to be acquired is designated Light Industrial. The previous Master Plan for Springwells for the subject area showed Distribution Industrial, with a nar-

row strip of Light Industrial along the north side of Dix Avenue.

The Proposed land for the Preferred Alternative (north of the rail line) is located in the Chadsey Neighborhood of Cluster 5. It appears all of the land to be acquired is designated Light Industrial, except the three residential streets (Trenton, Lawndale, and Cabot Avenues) which are designated Low-Medium Density Residential. The previous Master Plan for Chadsey showed Industrial, Light Industrial, and Low-Medium Density Residential.

It is CPC staff's interpretation that intermodal freight terminals are considered "industrial" rather than light industrial uses, therefore, it is CPC staff's conclusion that the Preferred Alternative is not completely consistent with the maps of the Detroit Master Plan of Policies.

### **Traffic Patterns**

CPC staff is pleased that MDOT has made concerted efforts to direct the majority of truck traffic toward Livernois Avenue to the east and Wyoming Avenue to the west. It is also beneficial that trucks exiting at Livernois would be directed northward toward I-94, rather than southward toward Dragoon Avenue.

However, CPC staff is concerned about the proposed new gate near the intersection of Martin Avenue and John Kronk Avenue, which could bring large trucks directly across from residential areas on streets that are fairly narrow. CPC staff recommends that other locations for this gate, such as near Stecker Avenue, be considered.

### **Historic Issues**

The proposed Preferred Alternative would require the removal of 7175 Clayton which is developed with the Michigan Box Company/Spranger Wire Wheel Corp building, the building is eligible for the national Register of Historic Places, because it is a rare example of unaltered WWI period automotive parts supply facility. The facility is currently used in part to manufacture wood pallets. The FEIS concludes that there are no prudent and feasible alternatives to the use of the subject site. The State Historic Preservation Office is requiring that the harm be mitigated by establishing a permanent record of the history and current conditions of this site.

### **Environmental Justice**

The FEIS concludes from the proposed DIFT project, there will be a disproportionately adverse housing, employment, and cultural resource effect on minority or low income populations. In response, the FEIS includes a list of impacts to Environmental Justice populations and mitigation measures. Please see Attachment D for a comprehensive summary of impacts to the Environmental Justice population and mitigation measures.

### **Air Quality**

For Air Quality, the FEIS concludes the following. “. . . no violations of CO (carbon monoxide) standards are expected in the area around the Preferred Alternative. Likewise, no violations of PM2.5 (particulate matter) or PM10 daily or annual standards are anticipated, based on qualitative hot-spot analysis of these two pollutants. Compared to the No Action condition in 2030, terminal pollutant burdens are expected to change. Carbon monoxide and particulate matter are expected to decrease, while other pollutants are expected to increase with the increase in intermodal activity. The roadway burdens are expected to be about the same as the No Action Alternative because of the removal of traffic through acquisition/relocation from the area around the terminal.” It appears that MDOT has provided an exhaustive study of air quality impacts, and MDOT concludes that the proposed project will comply with the Clean Air Act. CPC staff will defer to other expert agencies regarding this issue, including the Department of Environmental Affairs and Southwest Detroit Environmental Vision.

CPC staff is pleased that the community enhancements previously reviewed include that MDOT will work with SEMCOG, MDEQ, and the private sector to create an action plan that includes short-term and long-term objectives aimed at reducing air pollution in the study area.

### **Proposed Residential Relocations**

The DIFT Preferred Alternative projects the need to remove 28 single-family homes and 4 apartment units. It appears most of these houses are located in the residential area bounded by Trenton Avenue on the east, John Kronk Avenue on the south, and Cabot Street on the west. A few houses to be relocated may be located on the northeast corner of the intersection of Dix and Central Avenues.

The proposed removal of housing, while unfortunate, appears to be necessary to assemble the proper amount of land necessary to accommodate the railroads. For the houses on Trenton, Lawndale, and Cabot Avenues, it appears the removal of the subject houses would not significantly disrupt the existing neighborhood cohesion, because the subject area is at the south end of neighborhood type peninsula surrounded on three sides by industrial uses.

Under Relocations on the Green Sheet, it states in part that adequate replacement housing is available in southwest Detroit for those residents who wish to remain. To address Environmental Justice issues, CPC staff would like to see more substantive mitigation measures to provide the opportunity for persons forced to relocate from their homes to find decent, safe, and affordable housing within Detroit,

including near the project area, which should include commitments to work with area nonprofit housing providers.

### **Proposed Business Relocations**

Overall, the DIFT Preferred Alternative projects the need to remove 29 businesses containing 275 jobs. CPC staff has conducted a study of all the proposed land uses to be relocated.

In general, the north and south sides of the Livernois-Junction Yard that would need to be acquired are dominated by vacant land and buildings, junk yards, scrap yards, auto related uses and trucking terminals. A survey of the proposed business relocations revealed the following land uses that would need to be relocated.

- 8 large parcels and several smaller parcels that are either vacant, used for parking, or contain vacant buildings
- 6 substantial junk yards
- 4 sites dealing with recycling or scrap yards
- 2 large tow yards
- 1 private intermodal yard containing numerous containers
- 1 warehouse

Unfortunately, some parts of Detroit, especially Southwest Detroit, are dominated by intensive junk/scrap yards and auto and truck related uses, such as junk yards, tow yards, auto repair shops, and truck terminals. The proposed expansion appears to affect many of these type of uses.

However, there are a few land uses that do not involve the more intensive auto, truck, and scrap uses listed above which include the following: a pet supply store, a construction office, flea market, manufacturer of wood pallets and other boxes, and a welding/office supply business.

CPC staff supports mitigation measures to encourage relocated businesses to remain in Detroit; however, intensive auto, truck, and scrap businesses, as listed above, should be placed away from residential areas. Because of the current economic climate, CPC staff favors a concerted effort to retain all manufacturing business and jobs within Detroit.

### **Job Creation for Detroiters**

Lastly, the FEIS appears to be lacking in actual job placement commitments created by construction and by railroads at their expanded yards. CPC staff would like to see more substantive language from the FEIS with commitments from MDOT and the railroads that a percentage of the jobs created at the terminal, as well as terminal construction, go to qualified southwest Detroit and southeast Dearborn residents.

### **CONCLUSION**

The CPC staff and City Council have been tracking the evolution of the DIFT project for the past ten years. In the early stages there was significant public

protest, in part, because of the scope of the project and in part because of the over inflated impact data. Through the evolution of the project, community representatives realized that conditions around the Livernois-Junction Yard could worsen without the government oversight and monitoring associated with a major public investment. As a result, MDOT negotiated to design an Alternative that the community could accept and that included extensive community enhancements. The FEIS, states that the DIFT project is a way for public and private sector to bring some measure of improvement to the existing rail activity, facilities and affected populations, and later concludes that on balance, the investment and improvements of the Preferred Action Alternative is seen as being beneficial to these areas compared to the No Action Alternative.

Following the circulation of the FEIS, it will be forwarded to the FHWA with a recommendation that a Record of Decision (ROD) be issued. Substantive comments will be responded to in the ROD. The ROD will allow the project to move forward into the design phase.

Attached for your Honorable Body's consideration is a resolution codifying the above comments on the FEIS for the proposed DRIC project.

 Re: Request to accept an award from the United States Department of Justice's Office of Juvenile Justice and Delinquency Prevention for the "We're Here and We Care Program (WHWCP)".

The United States Department of Justice's Office of Juvenile Delinquency and Prevention has awarded the Detroit Police Department \$400,000, with no cash match, for the "We're Here and We Care Program (WHWCP)." The Award Number is 2009-JL-FX-0149. The project period is October 1, 2009 to September 30, 2012.

The WHWCP program, which will be implemented at Chadsey, Finney, and Central High Schools in the City of Detroit, will seek to combat dropout rates at these targeted locations. A WHWCP Coordinator will be contracted within the grant and will spearhead all grant activities during the course of the three year grant. This grant seeks to conduct after school discussion groups, provide tutoring to high school children, and provide mentoring through organizations such as: Detroit Police Law Enforcement Explorers Program, Junior Police Cadets, Think Detroit P.A.L. and the Public Safety Service Academy. In addition to working with these organizations, the WHWCP will work with representatives from the State of Michigan Committee of Juvenile Justice, the Wayne County Child and Family Services, the Juvenile Assessment Center and the Detroit Public School System to ensure success of the program.

If approval is granted to accept this funding, Sergeant Michael A. Chambers of Grants and Contracts will serve as the project director until the WHWCP Coordinator is identified and the contrac-

tual process is complete. The appropriation number for this grant is 13102.

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has been notified of the funding and approved participation.

If you have any questions or concerns, regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

**RESOLUTION URGING GOVERNOR JENNIFER M. GRANHOLM AND THE MICHIGAN STATE LEGISLATURE TO ALLOW OPERATION OF THE SHRINE CIRCUS ON THE MICHIGAN STATE FAIR GROUNDS**

By COUNCIL MEMBER COCKREL, JR.:

WHEREAS, The Detroit Shriners,

AAONMS, began producing circus events as a fundraiser to offset its general operating expenses at the Old Light Guard Armory in downtown Detroit back in 1906. The shows were successful family-style events for the Shriners and now, 103 years later, the majority of the nearly 200 other Shrine Centers located in the U.S., Canada, Mexico and Panama, continue to host circus events to raise funds for their fraternal charities and expenses such as Shriners' Children Hospitals; and

WHEREAS, The Detroit Shriners moved their circus to the State Fair Coliseum in 1925 and played there continuously until 2001. Regrettably, an amicable agreement could not be reached with State Fair management in 2002. Finally, with the support of new State Fair management and with much fanfare, the Shrine Circus returned to the State Fair in 2008; and

WHEREAS, At this time the State will not be renting out any of the State Fair facilities for events or on a long-term basis. The property is currently being mothballed in order to best provide security and reduce maintenance and utility cost. Since taking a greater role in State Fair operations this year, the Department of Management and Budget found the State could not recoup the costs of renting the facilities, so the department has chosen to secure the property instead; and

WHEREAS, Due to state budget cuts, The Detroit Shrine Circus, for the first time in its history, is in danger of not being able to hold one of its largest fundraisers at its home for over a century because they cannot rent the Coliseum at the Fairgrounds; and

WHEREAS, The 3,700 members of Detroit area's Shriners and their associated charities are facing a bleak future because of this decision. Michigan's 65,000 Master Mason's (75% of which live in Metropolitan Detroit) will be affected. Nearly 50,000 tri-county children and their parents that annually look forward to this affordable family-friendly show may be unable to enjoy the Shrine Circus tradition. NOW THEREFORE BE IT

RESOLVED, The Detroit City Council urges Governor Jennifer M. Granholm, the Michigan State Legislature, and the Michigan Department of Management and Budget to work with the Detroit Shriners to facilitate a working agreement that will allow the Shriners to rent the Coliseum and host the 2010 Detroit Shrine Circus. BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the State of Michigan Governor's office, the Michigan State Legislature, Michigan Department of Management and Budget and the City of Detroit Mayor's Office.

## Ecumenical Prayer of Invocation

God of grace, Lord of love, Holy Spirit, Creator of all that was, all that is, and all that shall be; we pray for your presence in this place today, at this Formal Session of the Detroit City Council as a Whole. Be with us as this Council goes about the business of our City. We pray for your guidance and unfailing wisdom, in the ideas, hopes, dreams, and visions of this august body.

Teach us, Master, to serve, not to be served; to give, not to receive; and to love, not to be loved. For it is in serving that we are served, it is in loving one another that we exemplify your love for all, and by giving we create the possibility of receiving.

Accept our prayer for pardon. For the hurts we have caused to one another through our actions or inaction, forgive us. From trials and temptations which always arise, spare us. From greed, pain, and suffering, protect us.

In your presence allow doubt to be changed to faith, despair changed to hope, hate changed to love, war changed to peace, darkness changed to light, and sadness changed into joy.

Lead each member of this Council to do what you would have them to do, and be who you call them to be.

Deepen our knowledge of what needs to be done for our city, and give us the wisdom to put that knowledge into practice.

We pray for peace, prosperity, justice, love, and your eternal presence at this meeting, in this city, in this nation, and in this world. Lord make us the instruments of your Peace and Power.

May all be forever blessed!

Amen.

January 27, 2010

Honorable City Council:

Re: Petition Number 3435 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to Cadillac Hotel Holdings, LLC, in Conjunction With a "Class B Hotel" Liquor License at the Westin Book-Cadillac Detroit Hotel, 1114 Washington Boulevard.

#### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 484896), which has been designated by the City Clerk as Petition Number 3435. This Local Approval Notice requests approval by City Council of a request by Cadillac Hotel Holdings, LLC, ("Permit Applicant") for the issuance of a new dance and entertainment permit to be held in conjunction with a "Class B Hotel" liquor license at the Westin Book-Cadillac Hotel, 1114 Washington Boulevard.

Chapter 61 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, Article

XVII, Zoning Map Number 1, indicates that 1114 Washington Boulevard is located on land zoned B5 (Major Business District) within the Central Business District. Pursuant to Section 61-9-96 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, cabarets, hotels, and establishments for the sale of beer or intoxicating liquor for consumption on the premises are by-right uses in the B5 District within the Central Business District. Buildings and Safety Engineering Department records indicate that the building at 1114 Washington Boulevard has been re-established as a hotel and that a permit has been issued for a Group "A" Cabaret for the location. Therefore, the use of 1114 Washington Boulevard for a cabaret with patron dancing or entertainment is permitted, subject to compliance with all relevant state codes and City ordinance, including the issuance of the required business license to the Permit Applicant for the location.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Permit Applicant has applied, and paid the applicable fee, for a Group "A" Cabaret business license for the location at 1114 Washington Boulevard. Pursuant to Chapter 30 of the 1984 Detroit City Code, the Permit Applicant has met the applicable requirements of the City Code prior to the issuance of the required business license for the location.

#### APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date.

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has reported to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the report has been mailed to the Permit Applicant.

RECOMMENDATION

A review of the Coordinator's report and information provided the Law Department by the Coordinator confirms that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. Therefore, attached is a proposed resolution approving the issuance of a new dance and entertainment permit by the MLCC to Cadillac Hotel Holdings, LLC, for the premises at 1114 Washington Boulevard. Further, the Law Department recommends that Permit Applicant's request for approval be forwarded to the appropriate City Council Standing Committee for review and consideration, and subsequent action by City Council at its next Committee of the Whole.

Upon this Body's approval of the request for the issuance of a dance and entertainment permit, in conjunction with the "Class B Hotel" liquor license at 1114 Washington Boulevard and the issuance of a Group "A" Cabaret business license to Cadillac Hotel Holdings, LLC, the location will be approved by the City for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and (2) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(1) and (2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

If there are any questions or concerns, please do not hesitate to contact our office.

**City Planning Commission**

February 1, 2010

Honorable City Council:

Re: Corrective action needed for Neighborhood Enterprise Zone Certificate Applications for twenty-three housing units (Recommend Approval).

The State of Michigan is requesting that the Detroit City Council pass a resolution approving NEZ Certificates for various addresses that filed for NEZ Certificates after a building permit was issued.

The State of Michigan has informed the City Clerk's office that several applications for Neighborhood Enterprise Zone (NEZ) Certificates did not comply with

Section 4.(1) of the NEZ Act (Public Act 147 of 1992). Section 4(1) of the NEZ Act requires in part, "... the application shall be filed before a building permit is issued for the new construction or the rehabilitation of the facility." However, the Section 4.(1) was recently amended to provide that applications could qualify if the local governmental unit by resolution provides that the application is filed not later than 6 months following the date the permit is issued.

The entire Section 4.(1) of 207.774 MCL reads as follows:

*The owner of a homestead facility or owner or developer or prospective owner or developer of a proposed new facility or an owner or developer or prospective developer proposing to rehabilitate property located in a neighborhood enterprise zone may file an application for a neighborhood enterprise zone certificate with the clerk of the local governmental unit. The application shall be filed in the manner and form prescribed by the commission. The clerk of the local governmental unit shall provide a copy of each homestead facility application to the assessor for the local governmental unit. Except as provided in subsection (2) or as otherwise provided by the local governmental unit by resolution if the application is filed not later than 6 months following the date the building permit is issued, the application shall be filed before a building permit is issued for the new construction or rehabilitation of the facility.*

City Planning Commission (CPC) staff confirms that following twenty-three addresses on the attached resolution filed applications not later than 6 months following the date the building permit was issued.

Attached is a resolution for the City Council's consideration.

Respectfully submitted,

WHEREAS, Both of the aforementioned organizations are non-profit housing advocates that provide legal services to low-income and homeless residents of Detroit; and

WHEREAS, The Property Tax Foreclosure Avoidance Project assists residents facing the loss of their homes to tax foreclosure in numerous ways. These include providing free legal representation, coordinating hardship applications with the Office of the Wayne County Treasurer's Office, representing residents in civil and probate court actions, mailing of notices and providing personal visits to owner-occupied homes on the foreclosure list to inform residents of their rights and options under the law; and

RESOLVED, That the Detroit City Council hereby continues to support the Property Tax Foreclosure Avoidance Project in its 2010 efforts; and BE IT FURTHER

RESOLVED, That all nine Detroit City Council Members agree to share equally in the cost of the targeted mailing of the letter to owner-occupied homes in Detroit under immediate threat of foreclosure and auction in year 2010 by donating the necessary letterhead, envelopes and postage, Copy Center, photocopying, staff and volunteers to prepare the Detroit City Council mailing; and BE IT FURTHER

**MEMBER REPORTS:**

**Council Member Brown:** Requested Administration to help facilitate Information Technology Services (ITS) to fix equipment in his office.

**Council Member Jones:** All of the Council's Boards and Commissions have expired members and Council Member Jones asked City Council Research & Analysis Division to update the list. Jones also requested City Council Members, who have names to be submitted to fulfill the requirements of any of the commissions that have expired, please submit them within a week, so interviews can be scheduled.

**Council Member Jones:** The government station on AT&T U-verse is down and it's not due to a billing problem even though the City is delinquent with the bill and AT&T is working with the City on that. As of today, the government station is still down. The problem is with a part that belongs to the City and AT&T is helping the City facilitate getting the government station repaired.

**Council Member Spivey:** 58 days until the Census count. Spivey invited all Council Members to attend the First Pastor's meeting the last Thursday of February, 2010.

**Council Member Tate:** Asked that everyone keep the mothers of two of his staff members in their thoughts and prayers. Louise Jackson Williams and Reginald Alexander both of their mothers are hospitalized.

**Council Member Kenyatta:** Ditto to Council Member Jenkins' comments

as it related to the Administration, however, Council must do their job based on information received or not received, and two or three weeks or four and five times asking for information and it being given at the day of decision is not accepted and being told well, I can't do this and I can't do that, not going to do this and not going to do that, not do this. It's clear. It's a new day for the Body of the City Council and as the budget (coming forth) is looked at — time and time again, Council has approved the budget without a CAFR. Kenyatta stated precedence needed to be set this year. If Council doesn't have proper documentation, then prepare to send them to jail because a budget should not be approved if proper information is not submitted.

**Council Member Watson:** Today is the second day of African-American History month. Watson stated she was blessed to have attended the Homegoing Services for Marion Fodallie (sp?) a/k/a Richard Henry. Watson stated we need to know our history and we are living history right now and, certainly, Mario Fodallie, represented an important chapter of black history in the City of Detroit.

**Council President Pugh:** Had a wonderful meeting at the Charles H. Wright African-American Museum.

**Council President Pugh:** Congratulated Karen Clark Sheard, along with Donnie McClurkin for winning a Grammy.

**Council President Pugh:** Applauded Osborne High School (9th Grade Honors Academy) for honoring kids at Brenda Scott Middle School (8th Grade Honors Students). Pugh stated it's a great gesture of what we certainly want to promote in the City, and that is children recognizing the role models that they are, and so we just want to give them a great congratulations, and encourage them to continue to reach out.

**Council President Pugh:** Received angry phone calls (in his office) about the cameras regarding only one camera working and the City Council was accused of being arrogant and fixing the camera on himself. Pugh stated no directive from his office to fix the camera on himself, so for everybody who is watching City Council is up to 4 cameras and Council is happy to report that

that was an equipment failure not a directive from any Council Member.

**Council President Pugh:** Putting out the word to the excellent men of Murray Wright, the Murray Wright Alums that we are putting together an effort to reach out in the spirit of mentors to adopt Fredrick Douglass Academy, which is an all boys' school that's now in place of where Murray Wright used to be. **Donald White (Detroit Branch, NAACP):** Presented letter on behalf of Reverend Wendell Anthony urging Council to uphold the intent of citizens as it relates to local investment, ownership and preparation in any approved casino development agreements for the City of Detroit. (See attached)

**Detroit Branch...National Association for the Advancement of Colored People**

REVEREND DR. WENDELL ANTHONY  
*President*

HEASTER L. WHEELER  
*Executive Director*

February 4, 2010

Honorable Members of the Detroit City Council  
Coleman A. Young Municipal Center  
2 Woodward Avenue, Suite 1340  
Detroit, MI 48226

Greetings to the Honorable Members of the Detroit City Council:

On behalf of the Detroit Branch NAACP, I write to you today to strongly urge this body to uphold the intent of citizens as it relates to local investment, ownership and participation in any approved casino development agreements for the City of Detroit.

As you may or may not know, our organization last fall passed a resolution affirming our position that any casino deal must live up to the wishes of Detroiters as set forth as far back as 1994.

Both in 1994 and again in 1997, when both locally and statewide, respectively, voters signed off on the development of casinos within the city limits, there was a clear and overwhelming demand that such deals MUST include local and minority participation. That extended not only to the investors in the deal, but also as it related to the oversight and employment tied to those casinos.

It is therefore critical that the City Council, in its deliberations over any future casino deals, not diminish or relinquish such requirements, as we believe it will be detrimental to our city's forward progress.

The original development agreements called for at least 10 percent local ownership. The original and subsequent deals called for minority participation. The original and subsequent deals demanded that the casino owners' work to develop minority owned businesses and assist businesses that were owned and operated by Detroiters. The terms also required that at least 25 percent of a casino's board be African American.

The 2000 U.S. Census showed that Detroit's population was 82 percent African American. As this is a Census count year, that number may have changed slightly; however, it in no way changes the majority composition of this city, the needs of that population's growth and development and the opportunities that can be afforded simply by upholding the wishes of residents that were established some 25 years ago.

I strongly urge the City Council to uphold its duty by honoring and affirming its commitment to those who approved this initiative with the belief that it would grow, not stifle, opportunities for those who have remained vested in the city. That can be done by ensuring that any agreement approved by your Honorable Body continues ownership, management, investment and employment opportunities for Detroit-headquartered and minority-owned firms.

Thank you for your considerations.

Respectfully,  
REV. DR. WENDELL ANTHONY  
President

**Suani Loomis:** I am a current investor. The Monroe Partners helped build this casino. We paid for the brick and mortar. We created and birth the Greektown Casino. On the current proposal to bring the casino out of bankruptcy, Monroe Partners would be completely eliminated. It is only rightful and mortally correct to include all of us in any proposal or resolution concerning Greektown. We all know

that Greektown is not about to close. We are going stronger every day. Monroe Partners have a plan and they have the money. If you do not allow us to stay in this casino, it's going to discourage any investment in the City of Detroit. It's going to leave a black scar across the City of Detroit that would never be erased. All the money in this City is leaving the City. All of our treasures and jewels we are giving them away. I am trusting and believing on all of you to please do not approve any proposal regarding Greektown that includes Monroe Partners. Keep the trust and faith alive in Detroit so that the future investments in Detroit will grow and prosper.

**Dr. Gill Howard:** I am a current owner as well. I am a physician and I have received all my certificates, a medical degree and a college degree in the City of Detroit. I have lived in the Detroit for fifty (50) years plus. I have been paying property taxes for 35 to 40 years in the City of Detroit. I employ through my practice three to six people and I have been doing that for the last thirty-six (36) years. I have been making my commitment to the City of Detroit. We need local partners sitting as owners as well as leadership positions to move this City forward. I am mad to see a proposal being considered by the City for a few pennies. I made a significant investment in the Greektown Casino. In concluding, I would ask that this Honorable Body not to accept these pennies. There is no hurry to get this deal through. Thank you for your time.

**David Akins:** I am a current investor in Greektown Casino. There are some real Detroiters who have put honest earned money in this casino. I'm asking Council for an opportunity to protect our interest as initial investments in the casino. Twelve years ago when we first put up our money, we were made a lot of promises; broken promises. We are asking that you would not forget that there are really hard earned dollars invested by members of Monroe Partners. Please feel our pain and please give us your support.

**Rev. Kenneth J. Flowers:** I am not an investor for the record. I support local ownership here in Detroit. I think it's important for us to recognize that when business leaders; when people in our City invest in this city, we need to make sure we hold true to our investment. It was put on paper that there would be commitment to local ownership. I do not want to see that eradicated by new investors coming in. I think it's important for this body to make sure that whatever deals that were made that initial investors should be restored in an equity position or at minimum receive some type of financial return on their investment.

**Mrs. Person of Bewick Block Club:** I am in agreement with what the Pastor said regarding multiple people keeping this agreement. I am also here because I don't like some of the things that are being said to City Council. Some of you do a very excellent job and when Mr. Marable said that he didn't like what you all were saying, that's the same thing that L. Brooks Patterson said to the last Committee that all of you should be in the zoo. They can say what they want to you, but you don't say anything back to them. As soon as we say something, you have an altitude against the people that come out here and say something. You take some much for us. You take the zoo from us. I watched Brenda Jones and I'm so proud of her for sticking up for the people of the City of Detroit yesterday. It's time for you all to stop taking our stuff and giving it to somebody else. It's time for you all to wake up.

**Dr. George Evans:** I am a current Greektown owner. I just want to thank the Council for allowing me to present my comments. I've been in the City for about forty (40) years. I've been practicing medicine for over twenty-five (25) years. I consider myself a serious stakeholder. I employ taxpayers myself. I made an investment with earnest money. The money that I put up was taking out of a small business and personal retirement. I believe in this community and I believe in reinvesting in this community. We're being tossed to the side and not considered. I do feel a little deceived and look forward to the City Council to make a fair decision.

**Marie Racine:** We're here on behalf of Jim and Vicky Pappos (sp?). We are here to present a scenario and a situation that is a little bit different than what the owners and prior owners presented. The note holders came in and brought these notes and assumed the debt and they are going to come in and run Greektown Casino, but what they have specifically done and made clear that they want to go back and sue anybody who got money from the casino. It is called the Avoidance Claims. In the bankruptcy council that they return that money to the people who paid in. Back in 2000, this City Council, the City and the Gaming Control Board approved the transactions with the Pappos (sp?) and Gatzaros (sp?) at the time and they went in as one. In 2004, there were issues with making the payment with the Pappos (sp?). In 2005, they were asked to borrow additional money to pay the application. I would urge you to step back for a second and say, is it something better that we can get in order to get this.

**Henry J. Brennan:** I am here on behalf of Jim and Vicky Pappos (sp?). Within two

(2) years, this casino will be sold. As soon as they emerge and clean up the balance sheet, they will sue the formal owners and they will flip this casino. Is it good policy to confer this value on these people and then facilitate a transaction and finance their lawsuits back against the formal owners. I think this is bad policy and bad economics. If I was you, I would seek a second opinion.

**George Barnes, Jr.:** I am the owner of Heritage Optical and Heritage Vision Plan. I am not an investor. I am a supplier. I've been in business since 1975. Currently, we handle the three (3) casinos. I think that African Americans and minorities will not have the same opportunities that have been granted us by the contract that is first out. We are in the process of making a decision; hopefully the right decision that would allow the current owners to continue in the path that they are in to keep the casino.

**Bernice Smith:** I worked on the casino when it was first brought to the Detroit area. I worked with Jim and Gatzaros. I want you to do the right thing. I want you to do what you know you should do. We are watching you and we want you to do what is best for Detroit. The investors need their money and I'm sure they would appreciate if you give it to them.

**Ted Gatzaros:** I am the former owner and I am trying to buy the casino. My partner and I Jim Pappos (sp?) have been developing places in Detroit since the late sixties. Our entire life has been in Detroit for the benefit of this City. We have done projects that no other human being could have achieved. In the late eighties, I and Mr. Pappos (sp?) were the only ones trying to spend our entire time trying to bring casinos in Detroit. Ted Gatzaros, Jim Pappos (sp?), Gill Hill, Chris Jackson and Herb Strathers (sp?) have worked on this. In every community meeting, every hearing and every broadcast, the most important thing we discussed was local ownership and local involvement. The spirit of this community has always been local ownership. I had a meeting yesterday with Mr. Green and he mentioned to me about a court order that this Honorable Body has to take some action. I had my attorneys to look for that particular order. It was an order regarding the roll back and compliance in the development agreement. Nobody can tell you what to do. No federal judge can tell us what to do. You have the key to the City and by approving something today; you are increasing the value of that property by 125 to 150 million dollars, which makes it totally unapproachable by any local agreeable people. As far as the Avoidance Claims, I am still subject to that because I got some of my money, but it absolutely crazy for

somebody to come in and buy the outstanding bonds issues for sense on a dollar. Only you can make the decision.

**Gil Hill:** Why should we even consider relinquishing control of an entity like this? We need to remember who was here for Detroit. It seems to me that someone is trying to rush something before you get a chance to think. Thank you again for giving me the opportunity. I think we have a good Council.

\*WAIVER OF RECONSIDERATION (No. 1) per motions before adjournment.

STATEMENT ON AMENDED CASINO  
DEVELOPMENT VOTE BY DETROIT  
COUNCIL MEMBER KENNETH V.  
COCKREL, JR.

By a vote of 6-3, the Detroit City Council today approved the Amended Settlement Agreement negotiated between the City of Detroit and the

Greektown Holdings, L.L.C. financial noteholders, represented by the Oppenheimer Financial Group. The vote today will pave the way for the Greektown Casino to emerge from bankruptcy and return to profitable operations. My decision to vote for the Settlement Agreement was not without serious consideration of the claims of Greektown Casino's legacy investors, as well as concerns about the commitment of Greektown Holdings, L.L.C. financial noteholders to preserve the tradition of local ownership in Detroit's casinos. With regard to those legacy investors, I have tremendous respect for their investment and contributions to Greektown Casino and the development of Detroit's gaming industry. Ultimately however, a financial investment in a private sector venture for the purpose of earning personal profit is a risk; and that includes the risk of personal financial losses stemming from the failure or bankruptcy of the business investment. This is the unfortunate position that many of the legacy investors in Greektown Casino now find themselves, and while I have great passion for their plight, I have a deeper obligation to another set of shareholders — the 900,000 Detroit residents who elected me and my colleagues to protect their local control of the City of Detroit.

The Settlement Agreement ratified by the City Council today will protect local control of the City of Detroit by strengthening its financial position at a time when the accumulated financial deficit of the City of Detroit exceeds \$300 million dollars. The City of Detroit is presently dependent on short-term borrowing and an impending Fiscal Stabilization Bond sale to continue operating. Under terms of the Settlement Agreement, Greektown L.L.C. financial noteholders agree to pay the City of Detroit \$9.6 million that can be used to pay down this year's \$70-\$80 million deficit. In addition, the agreement waives the right of Greektown Casino to demand a refund from the City of Detroit of \$3.53 million in gaming taxes. Furthermore, approximately \$3.5 million dollars of the City of Detroit's legal fees will be paid by the Greektown L.L.C. financial noteholders. The financial benefits of this Settlement Agreement in total constitute a \$16,629,000 payment to the City of Detroit at a time in which we are confronting potential receivership. In addition, the noteholders agreed to maintain key provisions of the original Greektown Casino Development Agreement as part of this settlement including the 51% Detroit residents employment goal, and that at least 30% of the total dollar value of purchased goods come from Detroit-Based, Detroit-Resident, minority and women owned businesses.

As Chair of the Budget, Finance, and

Audit Committee of Detroit City Council, it is my responsibility to ensure that every decision I make is consistent with augmenting Detroit's financial stability, and keeping decisions about Detroit finances and future in the hands of those elected by Detroiters. While I believe in local investment as an important goal and asset, today, my colleagues and I asserted the priority that local control over our financial destiny takes precedence over a preference for local investors.

JOINT STATEMENT ON GREEKTOWN  
CASINO VOTE BY COUNCIL  
PRESIDENT PUGH, COUNCIL  
MEMBERS BROWN, JENKINS, SPIVEY,  
AND TATE

After a series of intense discussions and heated debates, we have reached an affirmative resolution. Realizing the importance of this matter, each council member has proceeded with careful deliberation and has participated in a proper amount of due diligence. We want to definitely state that our action today was based on information, not intuition. This council is intent on making decisions based on the facts before us, not based on personal connections. Our only consideration has been to do what is in the best interest of the citizens of Detroit. Therefore, after appropriately weighing the merits of all arguments, we are confident that we have made the right decision.

In a 6-3 vote, this honorable body has decided to approve the settlement of \$16 million dollars with Greektown Casino. \$9.6 million of these monies will be applied to the general fund, representing roughly 10% of this year's projected budget deficit. Approval of this matter was a hard choice; however, it was the right choice.

By accepting this settlement, Detroit will receive funds greatly needed to improve the fiscal health of our city. The receipt of this money is critical to the mayor's deficit elimination plan and provides the city with significant revenue to deal with our budget shortfall. These funds will increase our bond rating, helping us to secure \$250 million in fiscal stabilization bonds. In addition, casino owners are currently committed to having more than 50% of the workforce represented by Detroiters. It was important for council to act expediently, yet responsibly, to close this issue. We cannot delay when presented with an opportunity to firm up our financial footing. Detroiters deserve leadership that does not postpone challenging decisions in protection of political popularity.

An important point in our consideration of this matter was the involvement of local investors. Our vote today in no way restricts or hinders local investors from

vying for their share of ownership of Greektown Casino. We thank those who have worked tirelessly to secure casino gaming for Detroiters. Central to their campaign for casino gaming was the inclusion of local investors in the process. We feel this is still an essential component today. Therefore, we encourage and support any local investor, who has the means, to bid for ownership.

There is bound to be some opposition to our decision. Some may even be motivated to misrepresent our intent. Nevertheless, we want to be clear that we have acted on behalf of the citizens of Detroit; we have made progress on improving our budget shortfall, we have preserved the local investors' right to be involved, and most importantly, we have shown Detroiters that we are capable of making tough decisions with competence and courage. Detroiters, you can be confident that we have made the right decision for you.

STATEMENT OF COUNCIL MEMBER  
GARY BROWN REGARDING "NO"  
VOTES ON CONTRACTS WITH RANDY  
K. LANE, P.C.; WOLINSKI & COMPANY,  
CPA, P.C.; AND PLANTE & MORAN,  
PLLC

Today I voted "no" on professional services contracts with Randy K. Lane, Wolinski & Company and Plante & Moran because these contracts did not provide for a ten percent (10%) reduction in hourly rates. These businesses should know more than anyone else that the City of Detroit is in a serious and precarious financial condition, and that we must make cuts in expenses at *every level* possible. I am pleased to hear that these contractors have made great strides in improving processes and producing accurate financial records on a timelier basis. I have heard many positive comments about their professionalism and contribution to our City. It is my expectation that *every* contractor and employee working for the City is performing services to the highest level of competence during these challenging times, while *making the sacrifice* to perform with a reduction in compensation.

If employees, vendors, contractors, and professionals in quasi-governmental positions do not join together in addressing the City's deficit, then it will never be eliminated. I realize the services of these contractors are vital to completion of the next Comprehensive Annual Financial Report. However, if Detroiters want to maintain the right to prioritize affordable city services, we must make tough decisions and require everyone to make sacrifices. If we do not, the City will continue the downward spiral toward bankruptcy or the appointment of an emergency financial manager.

STATEMENT FROM COUNCIL  
PRESIDENT CHARLES PUGH  
CONCERNING CAFR VOTE

Although I am voting to approve this contract, I want to be clear on a few things.

There must be significant improvements in how the legislative and executive branches communicate with each other. Detroiters are looking for us to work

together in a common effort to move this city forward. They believe, like I do, that cooperation is better than competition. In that spirit, I hope the mayor and his group executives are serious about getting us matters before the last minute.

We have been elected by the people of Detroit to investigate and scrutinize contracts. When we receive items at the last minute, dressed up as emergencies, you rob us of our obligation to do our due diligence. This is not acceptable and it must end! I approve today's contracts because I expect the CAFR to be completed on time, since this is why we are being rushed.

However, this will not become a regular practice!

### Law Department

November 3, 2009

Honorable City Council:

Re: Petition Number 1313 — Request for City Council Approval for the Issuance of an Entertainment Permit and a Topless Activity Permit by the Michigan Liquor Control Commission in Conjunction with the Transfer of a "Class C" Liquor License from S.A. Restaurants, Inc., to ABCDE Operating, LLC, for a Group "D" Adult Cabaret at 20771 West Eight Mile Road a/k/a 20651 West Eight Mile Road.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance, or entertainment permit, or a topless activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice, Request ID Number 392242, to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1313. This petition requests City Council approval for the issuance of an entertainment permit and a topless activity permit in conjunction with the transfer of ownership of a "Class C" liquor license at 20771 West Eight Mile Road from S.A. Restaurants, Inc., to ABCDE Operating, LLC ("Petitioner").

### LAND USE

Buildings and Safety Engineering Department ("B & SE") records indicate that the address of the licensed premises is 20651 West Eight Mile Road, a/k/a 20771 West Eight Mile Road. Chapter 61 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, Article XVII, Zoning Map Number 72 indicates that both of the

mentioned addresses are located on land zoned B4 (General Business District). Further, B & SE reports that the current legal use of the location is an adult cabaret, which was established in 1981 pursuant to Permit Number 79211 and corresponding CEDD Case Number 134-81. Therefore, an adult cabaret was permitted at the location prior to the amendments to the Detroit Zoning Ordinance, which currently prohibits adult cabarets in a B4 zoning district. As such, pursuant to Sections 61-1-12, 61-15-3, and 61-16-142 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, the continued operation of a Group 'D' Adult Cabaret at the location is a legal nonconforming use. Therefore, the use of the location for an adult cabaret that features topless activity is permitted subject to compliance with all relevant state codes and City ordinances, since neither the Detroit Zoning Ordinance, nor state law, prohibit the continued use of the location for a Group 'D' Adult Cabaret.

### LICENSING

Section 5-2-1 of the Detroit City Code defines a Group 'D' Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. Accordingly, the Petitioner has applied for a Group 'D' Adult Cabaret business license with the B & SE Business License Center for the adult cabaret at the subject location. Pursuant to Chapter 30 of the 1984 Detroit City Code, Petitioner will have to meet the applicable requirements of the City Code prior to the issuance of the appropriate business license for the location. The issuance of a Group 'D' Adult Cabaret business license by the City will allow the MLCC to issue an entertainment permit and a topless activity permit to ABCDE Operating, LLC, for the location provided all other requirements are met by the Petitioner.

### APPROVAL CRITERIA

The revised City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. This petition was pending prior to the aforementioned effective date.

Part VI of the Procedures and Criteria provides that City Council shall grant petitioner's request for approval of the issuance of an MLCC permit unless one

or more of the eleven (11) specified criteria are not met by the petitioner. Pursuant to Part V of the Procedures and Criteria, the Mayor's Office, designated MLCC Permit Coordinator, has filed a report, dated October 22, 2009, concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Permit Coordinator's report has been provided to Petitioner, the City Planning Commission and the Law Department. It is noted that at the time of the City's receipt of Petitioner's application for approval of the issuance of an entertainment permit and a topless activity permit, a business sign on the premises exceeded the maximum amount of area allowed by Section 3-7-5 of the 1984 Detroit City Code. However, in order to meet the approval criteria, Petitioner has caused the offending business sign to be removed.

#### RECOMMENDATION

The MLCC Permit Coordinator's Report indicates that Petitioner has met the approval criteria contained in the revised Procedures and Criteria. Accordingly, attached is a proposed Resolution for City Council approval of the issuance of an entertainment permit and a topless activity permit by the MLCC to ABCDE Operating, LLC, for the adult cabaret at 20651 West Eight Mile Road, a/k/a 20771 West Eight Mile Road. In accordance with Part V of the City Council's Procedures and Criteria, the Law Department recommends that the proposed Resolution, if approved by the Planning and Economic Standing Committee, be referred to the Committee of the Whole's Formal Agenda for consideration.

If there are any questions or concerns, please do not hesitate to contact our office.

Eternal, Holy and Almighty God,  
I praise You for Your Greatness, and exalt You for Your Goodness. We thank You for the wonderful gift of life, and the generous gift of a brand new day.

On behalf of the citizens of Detroit, I pray that You would bless this administration and the members of our City Council.

Grant them the wisdom to implement sound public policies, to create and enact meaningful legislation that will pave the way for sure and steady progress; the wisdom to effectively govern our city.

Give them the courage to lead with the conviction to do what is right in Your sight, regardless of public opinion or political consequence; the courage to stand fast in face of daunting odds, doubting crowds, and disingenuous voices of dissent.

Provided them the strength to work faithfully and tirelessly for our city, in season and out of season; the strength to keep going long after body and mind have said "quit".

Bestow in their hearts Your unconditional love that they may selflessly serve all of

the citizens of our beloved city, from the most prominent to the "least of these".

And generously reward those members who faithfully discharge the duties assigned to their stewardship, and may our city and its people be blessed with peace and prosperity. Do all of this in the name of and for the glory of Your Son and our Savior Jesus Christ. Amen.

**PUBLIC COMMENT**

**LARRY WIGGINS, President of Environmental & Technical Controls** addressed City Council regarding accusations that ETC had defaulted on a contract with the City of Detroit. Mr. Williams stated that Environmental & Technical Controls fought diligently for an award of a Water Department contract in year 2000 after repeatedly bidding on that contract four times. After two years, they were awarded the contract but the company that previously had the contract continued to do the work and Environmental & Technical Controls complained. When they received a purchase order in October of year 2000, by November, they were accused of contaminating the facility which led to a lawsuit. In each case, Environmental &

Technical Controls (ETC) was trying to get paid for work completed. Later, the lawsuit was dropped and everybody involved in that lawsuit has since retired. As a result, Mr. Wiggins think it is wrong for the Department of Transportation to bring up such a trivia matter.

**DONNA HARRIS, Representative of NorthStar** asked City Council for reconsideration of the Titan Pointe Development. Ms. Harris stated that she is concerned about the manner in which business is transacted in the city as it related to the community level. In addition, she is appreciative of the efforts of City Planning Commission.

**CLIFF APPLING, Representative of NorthStar** reiterated to City Council that they are volunteers and past board members who've done their due diligence relative to challenges that they have encountered. In addition, Mr. Appling asked Council to review that facts in order to determine an intelligent decision.

**ZELINE RICHARD, Representative of NorthStar** expressed concerns to City Council that she has lived in that neighborhood since 1956 and that neighborhood is no longer a neighborhood that you could be proud of. Ms. Richard said they're tax payers and they were overlooked by the old Council Members (not the ones sitting at the table now.) In addition, she asked City Council to take a good look at what is going on in this city and not let individuals that have power direct you in the wrong way. They will continue to fight for Martin Park.

**NORMAN THRASHER** reminded everyone of Black History Month. In addition, Mr. Thrasher stated that the Department of Transportation has a bid out that's due on February 12, 2010. Mr. Thrasher would like the Department of Transportation to come back to table for completion of a contract that they've previously agreed to sign.

**PHYLLIS WILLIAMSON, Concerned Citizen** stated that she's having trouble with certain City of Detroit bus driver; they're stalking her. Ms. Williamson states that this is happening to her because of public comments mentioned during a discussion with the Department of Transportation. In addition, Ms. Williamson stated that she mailed two copies of her disability pass card to the Department of Transportation; she was told that they did not receive them and she wasn't disabled.

**C. PUGH:** Have you received your disability cards in the past?

**PHYLLIS WILLIAMSON:** Yes. I've been doing this for twenty years.

**C. PUGH:** Has anything changed?

**PHYLLIS WILLIAMSON:** They mentioned something about my doctors and my address was omitted.

**C. PUGH:** We'll have Carol Banks from my office to assist you. We'll walk you through the process so that you can get your card.

**WESLEY GANSON, Executive Director of Detroit Public Schools Center** mentioned that there is a new reform initiative that the board approved in March, 2008. An invitation was sent out Friday, program starts February 23, 2010 at the Charles H. Wright African Museum at 6:30 P.M.; I've brought a copy of the Detroit News article. They're in need of assistance and asked each Council Member to be a part of their program; two schools will be piloted, Frederick Douglass and...

**C. PUGH:** That's the old Murray Wright School, we must make sure we say that.

**W. GANSON:** We're going to look at those two programs and follow those 7th graders, thirty (30) at each site for five (5) years to assure that they graduate. It's really a bright performance and services will be attached to that whereas they each will get a mentor. We'll really look forward to being a part of the project.

**C. PUGH:** Mr. Ganson, we're in the early stages of the group that we've started called "The Men of Murray Wright", to adopt Frederick Douglass. In fact, we're having our first meeting this Friday at 6:00 P.M. at the school so we'll be very honored to partner with you and to remind people.

**W. GANSON:** The Detroit Public Schools Center for Student Advocacy and anyone who would like to join need to receive tickets.

**C. PUGH:** Receive tickets from where?

**W. GANSON:** You can e-mail me at [Wesley.ganson@yahoo.com](mailto:Wesley.ganson@yahoo.com).

**C. PUGH:** People can e-mail that address to purchase the tickets for this event on February 23, 2010 at Charles H. Wright Museum of African American History at 6:30 P.M.

**W. GANSON:** That's correct.

**C. PUGH:** If they want to find out more information about the DPS Center of Student Advocacy, do they have a website?

**W. GANSON:** Not yet; they can e-mail me as well.

**C. PUGH:** You'll e-mail them this article?

**W. GANSON:** That's correct.

**C. PUGH:** Brian from my office will make sure we get your information so that we can partner.

**W. GANSON:** Can you come and speak as well?

**C. PUGH:** Yes; whatever you need.

**ANTHONY KELLUM, President of Kellum Mortgage** addressed Council by saying that he's been lending for fifteen years and he's given away thirteen (13)

houses, four (4) cars, furniture and food. He's here to engage Council in what he finds as Detroit marketplace being an awful place to lend. Detroit is being red-lined or targeted whereby he can't make loans in Detroit for people who qualify for loans, people who have good credit. He has tried to fight this on his own over the last five (5) years but the real estate market is just awful. Mr. Kellum is seeking Council's help to possibly put together a lending task force or some type of moratorium on lending in Detroit. You cannot revive a city, pay for college tuition, or trade wealth without first being able to obtain a loan. You can't get people out of foreclosure unless you can get a loan. His goal today is to put pressure on local lending institutions to take a closer look on whom you do business with and lending to Detroit residents who qualify.

**C. PUGH:** Lending, insurance and all issues of home ownership and foreclosure are issues that are important to us. If you could write a letter to my office about the task force, I will share the letter with Council to see what kind of support we have or what way we could best tackle that individual issue because that is a problem. Maybe we could form a task force not only with Council but with lending institutions as well and other programs that may help people.

**SUANE MILTON LOOMIS** stated that she's one of the Black original investors in GreekTown. She thanked J. Watson, K. Kenyatta and B. Jones who had courage and wisdom to support the original Blacken and Greek partners in the GreekTown Casino. She assessed great disappointment with the remaining Council who voted against the Black city leaders, city leaders and professionals who have supported the city by investing life savings, paid city, property, state business taxes for income and jobs for this city for many years. We're the ones who black shoulders you used to climb up on to get and sit where you are today. How could you have let Ted Gatzaros offer to buy GreekTown out of bankruptcy, not once but twice in one week and still not accept his offer, or even give him time to present it to the bankruptcy court. This kind of treatment of black leaders, I just don't understand. My question to you before was never answered by this Council. I asked if you could explain to me why these monies and payoffs of millions of dollars are being passed all around this table to everyone but the original Greek and Black investors of the GreekTown Casino. You should not sign off on any agreement that does not include the black investors. You are allowing GreekTown and this city to be raped of monies and assets by outside interests coming into this city promising this city nothing and

getting everything out of it. This is totally unfair, and the most grievous decision made against all citizens of Detroit.

**C. PUGH:** He still has an opportunity to present through the bankruptcy court.

**RUEDELL HOLMES:** Gave prayer for City Council and City of Detroit.

Honorable City Council:

Re: A Resolution Amending and Supplementing A Prior Resolution Approving Transactions Under Certain Interest Rate Exchange Agreements Entered into in Connection with Related Outstanding and Future Sewage System Bonds of the City of Detroit and Related Outstanding and Future Water System Bonds of the City of Detroit.

In 2006 Council approved certain interest rate exchange agreements to lock in comparatively low interest rates for securities to be issued for both the Water Supply and the Sewage Disposal Systems in the 2009 calendar year. Neither Sewage System nor Water System Bonds were issued in the 2009 calendar year as contemplated by the 2006 Swap Resolution; nor is there intent to issue any such bonds within 90 days of the March 1, 2010 and April 1, 2010 effective dates of the swap confirmations. Attached resolution extends the effective dates of the confirmations, in lieu of terminating them.

Bond Counsel has prepared the attached Resolution and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,  
NORMAN L. WHITE  
Finance Director

**A Resolution Amending and Supplementing A Prior Resolution Approving Transactions Under Certain Interest Rate Exchange Agreements Entered into in Connection with Related Outstanding and Future Sewage System Bonds of the City of Detroit and Related Outstanding and Future Water System Bonds of the City of Detroit.**

By Council Member Cockrel, Jr.:

WHEREAS, On April 7, 2006, this City Council (the "Council") of the City of Detroit (the "City") adopted a resolution (the "2006 Swap Resolution") which authorized the Finance Director to execute confirmations under Approved Interest Rate Exchange Agreements and to make certain determinations in connection therewith, subject to the parameters contained therein; and

WHEREAS, The 2006 Swap Resolution contained recitals which anticipated the issuance of future Sewage Disposal System Revenue Bonds ("Sewage System Bonds") and Water Supply System Revenue Bonds ("Water System Bonds") during the 2009 calendar year and authorized the utilization of Interest Rate Exchange Agreements to effectively lock in comparatively low interest rates existing at the time of the 2006 Swap Resolution for Sewage System Bonds and Water System Bonds to be issued in the future; and

WHEREAS, Pursuant to the 2006 Swap Resolution, the City entered into Confirmation AUE7R with respect to Sewage System Bonds, pursuant to the ISDA Master Agreement and related Schedule dated as of May 22, 2003 (Sewer System Transactions), as amended and supplemented from time to time, and Confirmation No. AUE7V with respect to Water System Bonds, pursuant to the ISDA Master Agreement and related Schedule dated as of May 22, 2003 (Water System Transactions), as amended and supplemented from time to time, each between Morgan Stanley Capital Services Inc. ("Morgan Stanley") and the City (such Confirmations are collectively, the "Morgan Stanley Confirmations" and such ISDA Master Agreements and related Schedules are collectively, the "Morgan Stanley ISDA Agreements"); and

WHEREAS, Pursuant to the 2006 Swap Resolution, the City entered into Confirmation SBSFPC-0006 with respect to Sewage System Bonds, pursuant to the ISDA Master Agreement and related Schedule dated as of April 26, 2006 (Sewer System Transactions), as amended and supplemented from time to time, and Confirmation No. SBSFPC-0007 with respect to Water System Bonds, pursuant to the ISDA Master Agreement and related Schedule dated as of April 26, 2006 (Water System Transactions), as amend-

ed and supplemented from time to time, each between SBS Financial Products Company, LLC (“SBS”) and the City (such Confirmations are collectively, the “SBS Confirmations” and such ISDA Master Agreements and related Schedules are collectively, the “SBS ISDA Agreements”); and

WHEREAS, Both the Morgan Stanley Confirmations and the SBS Confirmations provide that they are to have an effective date of no later than March 1, 2010; and

WHEREAS, The 2006 Swap Resolution contains parameters for additional Forward Transactions authorized herein, included among which is that the effective date for each Forward Transaction shall not be later than April 1, 2010; and

WHEREAS, The 2006 Swap Resolution requires that if (i) Future Related Securities related to a Forward Transaction are not issued within 90 days of the effective date of such Forward Transaction and (ii) the notional amount of such Forward Transaction is not assigned to another Forward Transaction, the Forward Transaction is to be terminated; and

WHEREAS, The City did not issue Sewage System Bonds or Water System Bonds in the 2009 calendar year as contemplated by the 2006 Swap Resolution and does not intend to issue any such bonds within 90 days of the March 1, 2010 effective date of the Morgan Stanley Confirmations and the SBS Confirmations; and

WHEREAS, The City contemplates the issuance of Sewage System Bonds and Water System Bonds to which it can relate the Morgan Stanley Confirmations and the SBS Confirmations on or before July 1, 2013; and

WHEREAS, It is not in the City’s best financial interest to terminate the Morgan Stanley Confirmations and the SBS Confirmations on or before March 1, 2010; and

WHEREAS, Morgan Stanley and SBS have indicated a willingness to extend the effective dates of the Morgan Stanley Confirmations and the SBS Confirmations, respectively, in lieu of having the City terminate them; and

WHEREAS, If the effective dates of the Morgan Stanley Confirmations and the SBS Confirmations are extended beyond March 1, 2010 to coincide with the anticipated issuance of Sewage System Bonds and the Water System Bonds, the financial benefits to Morgan Stanley and SBS contained in economic terms of the Morgan Stanley Confirmations and the SBS Confirmations, respectively, will be diminished; and

WHEREAS, In the 2006 Swap Resolution the City Council acknowledged the risks, including termination risk, associated with Approved Interest Rate Exchange

Agreements and Transactions thereunder, such as the Morgan Stanley Confirmations and the SBS Confirmations; and

WHEREAS, The City’s Swap Management Plan recognizes the authority of the Finance Director to manage risks associated with interest rate exchange agreements, including termination risk; and

WHEREAS, Because the 2006 Swap Resolution contained parameters and requirements that do not encompass actions which are now in the best financial interest of the City, it is necessary to amend and supplement the 2006 Swap Resolution in order to allow the Finance Director to manage the risks associated with the Morgan Stanley Confirmations and the SBS Confirmations in accordance with the Swap Management Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL THAT:

**Section 1. Definitions.** Capitalized terms used and not otherwise defined herein, including in the recitals hereto, shall have the meanings ascribed to them in the 2006 Swap Resolution.

## Human Resources Department Labor Relations Division

January 13, 2010

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Association of Professional Construction Inspectors (2200); DOT Foreman's Association of America — Chapter 337 (4200); Detroit Income Tax Association (4500); Detroit License Investigators Association (4800).

The Labor Relations Division has recently reached agreement on a 2008-2012 labor contract with the DOT Foreman's Association of America — Chapter 337 and imposed the terms of the 2008-2012 labor contract on Association of Professional Construction Inspectors; Detroit Income Tax Association; and Detroit License Investigators Association. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's longstanding practice, we are, therefore, recommending that your Honorable Body authorize action to reduce the standard work hours by ten percent (10%) or twenty-six (26) work days in a 12-month period for three (3) consecutive twelve-month periods, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, as set forth in the attached Schedule A-4, effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

Respectfully submitted,  
BARBARA WISE-JOHNSON  
Labor Relations Director

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Association of Municipal Engineers (3400).

The Labor Relations Division has recently imposed the terms of the 2005-2012 labor contract on the Association of Municipal Engineers. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body

authorize action to 1) implement the health care concessions as specified in the attached Schedule A-5, and 2) reduce the standard work hours to achieve the ten percent (10%) wage concessions that should have occurred during the July 1, 2005-June 30, 2008 contract period and the twenty-six (26) mandatory Budget Required Furlough (BRF) days for the July 1, 2008-June 30, 2012 contract period, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, as set forth in the attached Schedule A-5. It is recommended that these provisions of the labor agreement become effective upon City Council's approval. - If an employee is scheduled to work less than 40 hours in a work week due to mandatory budget furlough time off, overtime for that work week shall not be payable until the employee works 40 hours in that work week.

- Employees who have previously taken a 10% reduction in scheduled work hours for a full year during the 2005-2008 contract period, and subsequently transferred, promoted, or demoted into this bargaining unit, shall not be required to take a 10% reduction of hours as specified above; however, such employees shall be required to take the twenty-six mandatory BRF days for three consecutive twelve-month periods.

- If employee required to work BRF, a substitute BRF will be scheduled by

Department and taken by employee within designated 12-month period.

#### **NEIGHBORHOOD AND COMMUNITY SERVICES STANDING COMMITTEE**

##### **Detroit Recreation Department Northwest Activities Center**

December 21, 2009

Honorable City Council:

I am writing on behalf of the Recreation Department on a critical and urgent matter. Our Department submits a grant application, each year, to the Michigan Department of Natural Resources (MDNR). These grants, whose maximum amount is \$500,000.00, have made is possible for us to make major improvements to our parks and centers. Without them, such projects as the Rouge Park In-Town Youth Camp, Butzel Playfield Improvements, construction of Farwell Center and a wide variety of projects on Belle Isle would not have been possible. More recently, MDNR has instituted a new policy decision that will steer grants to urban areas for capital and land acquisitions. the Capital and Land

Acquisition Trust Fund has an allocated budget of \$36-40 million. In order for Detroit to be a recipient of these grants, the Department needs your assistance.

To qualify for these grants, we must have a "Community Recreation Plan" in place that has been accepted by the State and approved by your Honorable Body. The Strategic Master Plan, which will be presented and discussed with you, is that document. The Strategic Master Plan is a twenty (20) year long term approach to integrate and streamline the Department's core functions, secure high quality facilities and services, meet the needs of all segments of the community and guide the capital development scope to renew and add to the City's recreation facilities. The Michigan Department of Natural Resources has reviewed the Plan and has informed the department that they have accepted it, pending your approval of the document. Upon your approval, the State House of Appropriations has ensured that Plan will be approved and accepted for the prospective funding.

We understand that the term "re-positioned" parks has caused previous reservations, but respectfully request that you approve the Plan, understanding that any sale, transfer, or declaration of surplus of land, now and in the future, requires your prior approval. In addition, the attached resolution is submitted for review.

I respectfully request your review and immediate action. Your immediate action will enable us to proceed with the submission of our grant applications for proposed identified projects.

Sincerely,  
ALICIA C. MINTER  
Interim Director  
Recreation Department

**City Planning Commission**

February 9, 2010

Honorable City Council:

Re: Master Plan Final Approval Authority — Michigan Planning Enabling Act.

When the State Legislature amended the Michigan Planning Enabling Act (MPEA) in 2008, there were a number of things that prompted changes in the Zoning Ordinance and in the bylaws of the City Planning Commission. However, one item — relative to the City’s Master Plan — escaped the attention of the CPC, City Council, and Law Department. The MPEA specifies that final action on the adoption of, or amendment to, a Master Plan rests with a municipality’s Planning Commission.

Notwithstanding the City Charter’s provision (Sec. 8-101) indicating City Council approval being required for the Master Plan of Policies, the State statute’s provision supersedes that of the City Charter. However the MPEA also provides that the local legislative body can act, by resolution, to assert its authority to have final approval on Master Plan matters (MCL 125.3843(3)).

At the February 4th meeting of the Planning and Economic Development standing committee, CPC staff was directed to prepare a resolution toward the end of reinstating Council’s authority over the adoption of, and amendment to, the Detroit Master Plan of Policies. That resolution is attached for your Honorable Body’s consideration.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director

By Council Member Jenkins:

Whereas, The 1997 Detroit City Charter specifies in Sec. 8-101 that the Detroit City Council shall approve any modifications to the city’s master plan; and

Whereas, The recently amended Michigan Planning Enabling Act vested the authority for final approval for the adoption of, and amendment to, a municipality’s master plan with the municipality’s planning commission; and

Whereas, The Planning Enabling Act also provides that a local legislative body may act by resolution to assert its right to approve or reject a master plan (MCL 125.3843(3)); Now Therefore Be It

Resolved, That Detroit City Council hereby asserts its right to approve or reject such provisions and modifications to the Master Plan of Policies as are presented to it, consistent with the authority granted under the Michigan Planning Enabling Act and the 1997 Detroit City Charter.

Honorable City Council:

Re: HOME Program — Titan Pointe Condominium Project Foreclosure of City of Detroit HOME Mortgage.

On June 17, 2005, Titan Pointe, L.L.C. closed on a loan from the City of Detroit, acting by and through the Planning and Development Department, using funds from the U.S. Department of Housing and Urban Development under the federal HOME Investment Partnerships Act. Proceeds from the loan were to be used to partially finance acquisition costs and other soft costs, as well as homebuyer down payment assistance, relating to a forty (40) unit residential condominium project to be developed by Titan Pointe, L.L.C. on real property located in Detroit at 3900 and 4010 Puritan. Sixteen (16) of the units were to be affordable units, sold to purchasers with incomes no greater than 80% of the area median income, adjusted for family size. The developer's performance of the terms and conditions of the loan are secured by a mortgage on the project site granted to the City of Detroit.

Pursuant to the HOME loan, the City of Detroit committed up to \$2,400,000 for the project. However, the City disbursed only \$865,690.79 of loan proceeds to the developer because the developer defaulted on terms and conditions of the loan. Subsequent to such default, the City of Detroit, in order to protect its mortgage interest, used \$48,844.22 of additional loan proceeds to pay delinquent real property taxes owing on the project site, and \$480,338.80 to purchase from LaSalle Bank — Midwest, N.A. (now Bank of America, N.A.) a mortgage loan made to the developer for the project, which was senior to the City of Detroit mortgage and was the subject of foreclosure proceedings. Construction of the project was never completed, and the only improvements made to the project site consist of demolition of an existing building (grocery store) and construction of underground infrastructure (sewer lines).

Titan Pointe, L.L.C. remains in default of the terms and conditions of the loan, and the City of Detroit desires to acquire the project site, by foreclosure of its mortgage or by a deed in lieu of foreclosure, and convey it to another developer for development of affordable housing units. If the site is acquired by foreclosure, a sheriff's deed will grant title to the City of Detroit; if the site is acquired by a deed in lieu of foreclosure, a deed from Titan

Pointe, L.L.C. or its successor or assignee will grant title to the City of Detroit.

City Ordinance 29-94 requires City Council approval before the Mayor may accept a grant of real property on behalf of the City of Detroit, and sets out other conditions that must be satisfied in order for the City to accept a grant of real property. Adoption of the resolution by your Honorable Body will satisfy the requirements of City Ordinance 29-94 and thereby allow the City of Detroit to acquire the project site.

#### Economic Development Corporation of the City of Detroit

January 28, 2010

Honorable City Council:

Re: Resolution establishing the entire City of Detroit as a recovery zone.

The attached resolution (Exhibit "A") is hereby respectfully submitted for passage by the City Council of the City of Detroit. Passage of the Resolution will promote the general welfare of the City by taking advantage of recent federal legislation enacted by the American Recovery and Reinvestment Act of 2009 ("Act") that encourages economic development in areas designated as Recovery Zones, such as the designation proposed for the City of Detroit.

The purpose of the Resolution is to (i) designate the entire City of Detroit as a Recovery Zone for purposes Section 1400U-1 and -2 of the Internal Revenue Code of 1986 ("Code"), as previously amended, [and as recently amended by the American Recovery and Reinvestment Act of 2009 ("Act")], and (ii) desig-

nate the Economic Development Corporation of the City of Detroit as the agent through whom the Recovery Zone Facility Bonds ("Facility Bonds") and Recovery Zone Economic Development Bonds ("Development Bonds") (collectively "Recovery Zone Bonds") would be issued, and as the principal responsible for the proper and efficient administration and management of the City of Detroit Recovery Zone program. (Development Bonds will only be issued by the EDC if the EDC is requested to issue them by the Chief Financial Officer of the City of Detroit.)

Below is a general summary of the provisions of the Act that are relevant to the Recovery Zones, the two types of bond obligations that can be issued and the basic requirements that must be met to qualify for each. Under the Resolution, the administrative burden (as further detailed in Internal Revenue Service Notice 2009-50) related to the proper administration of the City of Detroit Recovery Zone program is to be borne by the Economic Development Corporation of the City of Detroit, which is well versed and experienced in bond obligations similar to the Recovery Zone Bonds.

### 1. Background —

On February 17, 2009, as part of the Act, Congress enacted Sections 1400U-1, 1400U-2 and 1400U-3 of the Code, permitting State and local governments to issue (a) recovery zone facility bonds, a new tax-exempt private activity bond, to finance certain depreciable property (including new and used equipment located or to be located in a designated recovery zone); and (b) recovery zone economic development bonds, a new category of taxable obligation, to finance qualified economic development projects (collectively, "Recovery Zone Bonds").

Below is a summary of some of the most relevant rules governing the Recovery Zone program and the issuance by the Economic Development Corporation of the City of Detroit of the two types of bonds explained below. It is critical that every aspect of these and other rules are followed to maintain the legal ability of the City to access, and the proper format to maintain, the Recovery Bond program for the benefit of the City.

### 2. Recovery Zone Defined —

A Recovery Zone includes any area designated by the issuer as having significant poverty, unemployment, rate of home foreclosures, or general economic distress. As you will see from reviewing the Resolution, the Resolution designates the City of Detroit in its entirety as a Recovery Zone and details conformity with the "significant poverty, unemploy-

ment, rate of home foreclosures or general distress" of the City.

Once the Resolution is passed, no further action is required by the Council to create the Recovery Zone or issue the Facility Bonds.

### 3. Recovery Bond Types —

(a) **Recovery Zone Facility Bonds**, the first type of obligations authorized by the Act, are obligations issued by State and Local governments that meet the below requirements. The interest accruing on these obligations is *exempt* from the gross income of the holder of the obligations for federal income tax purposes.

A Recovery Zone Facility Bond is any obligation issued as part of an issue if the following requirements are met:

(i) Ninety-five percent (95%) or more of the net proceeds of the issue (i.e. proceeds of an issue reduced by amounts in a reasonably required reserve or replacement fund) are to be used for "recovery zone property" (see below);

(ii) the obligation is issued by a State or Local government (such as the Economic Development Corporation of the City of Detroit) pursuant to an allocation by the Secretary of the Treasury ("Secretary") of a portion of the nationwide volume limitation;

(iii) the obligation is issued before January 1, 2011; and

(iv) the issue designates the obligation as a Recovery Zone Facility Bond.

"**Recovery Zone Property**" is depreciable property that satisfies the following requirements:

(i) the property was constructed, reconstructed, renovated or acquired by purchase by the taxpayer after the date on which the designation of the Recovery Zone takes effect;

(ii) the original use of which, in the Recovery Zone, commences with the taxpayer (subject to an exception for certain renovations); and

(iii) substantially all of the use of which is in the Recovery Zone and is in the active conduct of a qualified business by the taxpayers in such Recovery Zone.

Recovery Zone Facility Bonds are a type of "exempt facility bond", which are tax-exempt private activity bonds, and the general rules for such obligations such as restrictions on financing certain office space, public approval rules (e.g., TEFRA hearings) and arbitrage rules still apply. Note, however, that rules relating to volume cap and to the acquisition of existing property do not apply to any Recovery Zone Facility Bond.

(b) **Recovery Zone Economic Development Bonds**, the second type of obligations authorized by the Act, are taxable obligations used to finance qualified economic development purposes of

State and Local governments. The interest on Recovery Zone Economic Development Bonds is included in the income of the holders of such bonds for federal income tax purposes. Of note is the fact that the issuer or Recovery Zone Economic Development Bonds will receive a payment directly from the Secretary equal to forty-five percent (45%) of the interest on the bonds contemporaneously with the payment of interest on the bonds.

A Recovery Zone Economic Development Bond is a type of build America bond, as defined in Section 54AA(d) of the Code [(other than a private activity bond) that satisfies the following conditions:

- (i) it is generally any bond that, although the bond issuer has elected to qualify it as a build America bond, meets the requirements applicable to tax-exempt government bonds;
- (ii) 100 percent (100%) of the available project proceeds are to be used for "qualified economic development purposes" (see below) or to fund a reasonably required reserve;
- (iii) the obligation is used by a State or Local government pursuant to an allocation by the Secretary of a portion of the nationwide volume limitation;
- (iv) the obligation is issued before January 1, 2011;
- (v) the issuer designates the obligation as a Recovery Zone Economic Development Bond; and
- (vi) the issue price does not have more than the *de minimis* amount of premium (determined under the rules similar to the rules of Section 1273(a)(3) of the Code governing original issue discount) and satisfies all the other requirements applicable to a build America bond.

A "qualified economic development purpose" consists of expenditures for the purposes of promoting development or other economic activity in a Recovery Zone, including: (a) capital expenditures paid or incurred with respect to property located in a Recovery Zone; (b) expenditures for public infrastructure and construction of public facilities; and (c) expenditures for job training and educational programs. Federal wage rate requirements and certain federal labor standards apply to projects financed with the proceeds of any Recovery Zone Economic Development Bonds.

Development Bonds will only be issued by the EDC if the EDC is requested to issue them by the Chief Financial Officer of the City of Detroit.

If you have any questions, please feel free to contact me.

A Resolution designating the City of Detroit ("City"), Wayne County, Michigan, as a recovery zone under Section 1400U-1 of the Internal Revenue Code of 1986, as amended ("Code"), for the purpose of (i) issuing recovery zone economic development bonds or recovery zone facility bonds, (ii) designating the Economic Development Corporation of the City of Detroit as the agent of the City for issuing said bonds, and (iii) providing for certain powers to be designated to the Economic Development Corporation of the City of Detroit to enable the efficient and prompt access to the recovery zone program.

Whereas, The American Recovery and Reinvestment Act of 2009 ("ARRA") revised the Code to create Recovery Zone Bonds ("Recovery Zone Bonds") which must be issued for projects in a Recovery Zone; and

Whereas, The issuance of Recovery Zone Bonds instead of traditional tax-exempt bonds can potentially promote job creation and economic recovery in areas particularly affected by employment decline, significant poverty, increased home foreclosures, or general economic distress; and

Whereas, Under Section 1400U-1(a)(3)(A) of the Code, the City has been allocated \$124,225,000 of Recovery Zone Bond volume cap limitation, with \$49,690,000 of that allocation being designated for the issuance of Recovery Zone Economic Development Bonds ("Development Bonds") and \$74,535,000 being designated for the issuance of Recovery Zone Facility Bonds ("Facility Bonds"); and

Whereas, Before the City issues any Recovery Zone Bonds, this Council must designate the area in which a capital project is financed by Recovery Zone Bonds as a Recovery Zone; and

Whereas, The City, as a whole, is currently economically distressed as a result of the recent economic conditions and (i) the unemployment rate has risen from

16.6% in September, 2008 to 27.8% in September, 2009, (ii) mortgage foreclosures were approximately 53,200 between January 1, 2005 and October 31, 2009, with the peak in early 2007, affecting approximately 45,000 residential parcels, or approximately 18.5% of Detroit's residential parcels, and (iii) poverty in the City being one of the highest in the nation. Latest statistics show 33.1% of all people and 28.3% of all families having incomes below the poverty level as compared to the State's 14%, 10%, and the US 13.2%, 9.6% respectively; and

Whereas, Time and efficiency with regard to the Recovery Zone Bond program is of the essence and in the best interest of the City; and

Whereas, In order to timely and efficiently activate the Recovery Zone Bond program for the City, this Council desires to designate the Economic Development Corporation of the City of Detroit as the issuer and program manager of all Facility Bonds for projects located within the City and Development Bonds. (collectively "Recovery Zone Bonds") (Development Bonds will only be issued by the EDC if the EDC is requested to issue them by the Chief Financial Officer of the City of Detroit.); and

Now, Therefore, Be It Resolved by the City Council of the City of Detroit, Wayne County, Michigan, that:

**SECTION 1.**

This Council finds and determines the following matters (unless otherwise defined herein, capitalized terms are defined or definitions are expanded, in Section 5 hereof):

(a) The ARRA revised the Code to create Recovery Zone Bonds, which must be issued for projects in a Recovery Zone.

(b) The issuance of Recovery Zone Bonds instead of traditional tax-exempt bonds can potentially provide cost savings to the City while promoting job creation and economic recovery in areas particularly affected by employment decline, significant poverty, increased home foreclosures, or general economic distress.

(c) Before issuing Recovery Zone Bonds, this Council must designate the area in which a capital project is financed by Recovery Zone Bonds as a Recovery Zone.

(d) This Council finds that the following economic indicators of economic distress are present in the City:

(1) The current unemployment rate has risen from 16.6% in September, 2008 to 27.8% in September, 2009.

(2) Mortgage foreclosures were approximately 53,200 between January 1, 2005 and October 31, 2009, with the peak in early 2007, affecting approximately 45,000 residential parcels, or approxi-

mately 18.5% of Detroit's residential parcels.

(3) Poverty in the City is one of the highest in the nation. Latest statistics show 33.1% of all people and 28.3% of all families having incomes below the poverty level as compared to the County's 20.0%, 15.6%, the State's 14%, 10%, and the US 13.2%, 9.6% respectively.

(e) Under Section 1400U-1(a)(3)(A) of the Code, \$124,225,000 of the State of Michigan's Recovery Zone Bond volume cap limitation has been allocated to the City of Detroit, with \$49,690,000 of that allocation being designated for the issuance of the Development Bonds, and \$74,535,000 being allocated for the issuance of Facility Bonds, to finance certain projects within the City.

(f) This Council finds that the Economic Development Corporation of the City of Detroit is an eligible issuer of Development Bonds and Facility Bonds for projects located within the City and is qualified to serve as program manager for the effective use of Recovery Zone Bonds within the City.

(g) This Council finds that Development Bonds shall only be issued by the EDC if the EDC is requested to issue them by the Chief Officer of the City of Detroit.

**SECTION 2.**

After consideration of the economic indicators in the City, including the unemployment rate, rate of home foreclosures, loss of retail sales city-wide and declining tax revenues as described above, this Council determines that the City of Detroit, as a whole, has experienced economic distress and hereby designates the entire geographical territory of the City as a Recovery Zone pursuant to Section 1400U-1 of the Code.

**SECTION 3.**

This Council hereby designates the Economic Development Corporation of the City of Detroit, as its agent to issue Facility Bonds in the City and Development Bonds when it is requested to do so by the Finance Director of the City of Detroit. The Facility Bonds may be issued by the Economic Development Corporation of the City of Detroit without further action by this Council. All allocations are contingent upon bond counsel delivering an opinion that the issuance and use of Recovery Zone Bond proceeds are in compliance with the requirements of the Code, including Section 1400U-2 of the Code.

**SECTION 4.**

This Council authorizes and directs the Officers and Authorized Agents of the Economic Development Corporation of the City of Detroit, in accordance with its procedures, to (i) sign, deliver, or file any documents, agreements, or certificates in connection with the designation of the Recovery Zone and the designation of the

Economic Development Corporation of the City of Detroit as issuer of the Facility Bonds and Development Bonds when it is requested to issue them by the Finance Director of the City of Detroit, as may be required by ARRA, the Code, the Treasury Regulations promulgated under the Code, and any other applicable statute or regulation, as the aforementioned Officers and Authorized Agents deems necessary and appropriate, (ii) create applications, rules and regulations with regard to the issuance by the Economic Development Corporation of the City of Detroit Facility Bonds and Development Bonds when it is requested to issue them by the Finance Director of the City of Detroit, (iii) accept or deny applicants the use of Facility Bonds and Development Bonds, when it is requested to issue them by the Finance Director of the City of Detroit, within the City, and (iv) by all legal means, further promote the utilization of Facility Bonds and Development Bonds, when it is requested to issue them by the Finance Director of the City of Detroit, within the City of Detroit, all without further action or review by this Council.

December 17, 2009

Honorable City Council:

Re: Address: 11336 Winthrop. Name: Robert J. Ott. Date ordered removed: September 26, 2009 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on December 9, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid current taxes due as of December 8, 2009.

The proposed use of the property is owner occupancy. This is the third deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
SHEILAH J. JOHNSON  
Deputy Director

## **8. TERMINATION**

8.01 This Agreement may be terminated by either party for cause. Cause is an event of default. An event of default shall occur if there is a material breach of this Agreement by either party. Upon receiving a Notice of Termination for Cause, the defaulting party shall have ten (10) calendar days within which to cure such default. If the default is cured within said ten (10) day period, the right of termination for such default shall cease. If the default is not cured to the satisfaction of non-defaulting party, this Agreement shall terminate on the thirtieth calendar day after the defaulting party's receipt of the Notice of Termination for Cause, unless the non-defaulting party, in writing, gives the defaulting party additional time to cure the default. If the default is not cured to the satisfaction of the non-defaulting party

within the additional time period allowed for cure, this Agreement shall terminate for cause at the end of the extended time period.

Honorable City Council:

Re: Petition No. 3887 — Midwest Capital Investment Amwick Housing, requesting right-of-way dedication of five streets lying between Mound, Buffalo, Charles and Talbot Avenues. Petition No. 3887 of "Midwest Capital Investment Amwick Housing", request the City Council to accept and/or approve the dedication of private land for new public streets and the naming of new streets within the block bounded by Charles Street, 76 feet wide, Talbot Avenue, 60 feet wide, Buffalo Avenue, 70 feet wide, and Mound Road, 204 feet wide, all within the Emerald Spring Estates formerly known as the Charles Street Housing Project.

The City Engineering Division — DPW/ Street Design Bureau and the Traffic Engineering Division of DPW approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

City Council is requested to accept the deed of new public streets for public purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94; Detroit Code Sections 2-1-11 through 2-1-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed "covenant" deed; proof of lien-free ownership; proof of paid Wayne County Taxes and proof of paid Detroit property taxes. The new public street must be constructed to City Engineering Division — DPW specifications.

All other city departments and privately owned utility companies have no objections to the requested new public rights-of-way.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
MANILAL PATEL  
Interim City Engineer

City Engineering Division—DPW

**CONSENT AGENDA**

**MEMBER REPORTS**

**Council Member K. Kenyatta:** I submitted a memorandum to Research & Analysis Division to request copies of the transcript from the federal file surrounding Sam Riddle, particularly the opening and closing arguments, video and audio. As we have seen before in any case that involves City Council, it calls for us to come back to the table and fine tune our rules and maybe ordinances. I've addressed one of those but there may be others that we need to take a look at as well. So we do need to request and have RAD to take a look at those transcripts as well as provide them for City Council.

**C. Pugh:** Would there be video transcripts because they're in federal court?

**K. Kenyatta:** It's the transcript; it's not the video itself.

**Council Member J. Tate:** I've submitted some questions and I believe Council Member Cockrel also had information on this also. I don't have any information on this so I wanted to submit some questions to Buildings & Safety Engineering Department regarding some of the vacant, abandoned homes. According to the information that they have here, a large number of homes in that area are some of which were brought to the city's attention dating back to 2008, so I'm going to submit in writing some questions about this; I'd

like to know what we're doing with these properties.

**Council Member A. Spivey:** My weekly push for our Census. It's fifty-one days left, the questionnaires will be mailed out March 15th and they should be returned by April 1, 2010. We're looking for churches, faith-based organizations and block clubs to assist. We need facilities for questions and assistance centers whereas a person may come to get assistance in filling out the actual Census form. Our first meeting is Thursday, February 25, 2010 at the CAYMC building at 4:30 p.m. Those looking for employment, we need you but please be patient; you can't apply today and start working tomorrow. There's a background check, and there's a test that you will have to take. If you don't pass the first time, try again. I'd like to thank my co-chairman, James Tate for working with me and to make sure that Detroit is counted for. Four-hundred billion dollars is at stake and we all need to be counted.

**Council President B. Jones:** I just wanted to announce that my first Town Hall meeting will be Thursday, February 25, 2010 from 6:00 p.m. to 8:00 at Greater Grace Church, 23500 W. Seven Mile. I'm going to ask if RAD will scroll this information.

In addition, I had conversation with someone and I'd like to get some information from the Administration (I will put this in writing to be referred to Neighborhood & Community Services) in regard to a bid to open up Belle Isle Golf Course. I received a call from Willie Hampton who is interested in opening Belle Isle Golf Course and they have the funding that could also bring funding into the City of Detroit.

**Council Member Cockrel, Jr.:** As many of you know, I'm a member of the Board of Trustees for the Michigan Municipal League. They had a Board of Trustees meeting about a week ago on Friday. Some additional information came out of that meeting that I'd like to share with you which is about the Constitutional Convention and the prospect of having that. Obviously, everybody is aware of the fact that we have a Charter Revision Commission which is now in the process of actually meeting to look at possible changes to our City Charter. A similar process, if the voters should approve it in the November election, could actually be undertaken for the Michigan Constitution. Depending on what happens in November, pay very close attention because if our constitution is rewritten, everything at that point is on the table. I would ask that all col-

leagues take a look at the report that was prepared by the Michigan Municipal League. I've brought this to the table to say that I think this is something that we need to pay closer attention to, especially depending on what happens at the November election. We should also tell our lobbyist that we want to have them pay close attention to this as well.

The Warm Training Center, which is a founding member of the Green Task Force, which I'm founder and chair, is having an event on February 25, 2010, called "Power to the People". Warm Training Center was actually selected and has received some of the stimulus money from the federal government to undertake a number of green job training programs. On February 25, 2010 from 12:00 p.m. to 1:00 p.m. they're actually going to have an open seminar to outline some of the programs that they're currently providing. It will be a great opportunity for members of the public to come out and learn a little bit more about some of the things that they're doing to promote energy education, green job training, as well as some of the other resources that they provide. This will be held at the Warm Training Center which is located at 4835 Michigan Avenue. If you need additional information, you can contact my office or the Warm Training Center.

I did receive, and Council Member Tate spoke about it also, the letter from Creekside. Thirty-seven (37) properties are potentially problematic for that particular part of town, these are distressed and abandoned properties and in some cases, these properties have been abandoned for years and this really needs attention. MR. PRESIDENT, I'D LIKE TO HAVE THIS REFERRED TO PUBLIC HEALTH & SAFETY SO PERHAPS IT CAN GET SOME ATTENTION THROUGH THAT COMMITTEE.

**C. Pugh:** WE'LL REFER THAT LETTER TO PUBLIC HEALTH & SAFETY STANDING COMMITTEE.

**Council President C. Pugh:** I'd like to remind the community about this coming Tuesday evening, we're going to have our second Evening Community Meeting at the Roberto Clemente Recreation Center, 2631 Bagley from 7:30-8:30 P.M. The community is welcomed; we'd love to have you.

I wanted to remind people about DPS Reading Core. Yesterday was supposed to be the deadline to get fingerprinted to join the more than (4000) people who've signed up to volunteers to help Pre-K, and Kindergarten students learn to read. It's a five-year project and the deadline has been extend-

ed until February 23, 2010. For more information, please call 870-5669.

We have a Committee of the Whole scheduled for this coming Thursday, at 2:15 P.M. regarding the amendment to the proposed Sexually Oriented Business Ordinance.

There will be an Adjourned Session at 2:00 P.M. on Thursday relative to voting on Fringe Benefits changes for Union and Non-Union employees.

## PUBLIC COMMENT

**Gregory Waller:** I am an Instrument Technician for the Detroit Water and Sewerage Department. Mr. Walker complained about the 10% pay cut and generic medication. He has asthma and has suffered respiratory failure and almost died. He suggested the City of Detroit let workers handle some of the contracts.

**Michelle Western:** I have worked for the Finance Department — Income Tax Division for fifteen years. She stated that she is not a lazy worker and do double duty. There are four people who work with her now. The system is not upgraded. She has given ideas for savings and how to make money to managers. The employees are burnt out. They went from 100 to 40 employees. They need to generate new revenues. Employers are holding taxes and not paying.

**Gloria Franklin.** I am here for a petition that my sisters and I have for license transfer from my deceased father club. I was told to come so that I would know what is going on. Council President Charles Pugh indi-

cated to Ms. Franklin that the Sexually Oriented Business Discussion is coming up next and that she can speak during public comment during that time.

**Steve Hicks, President of Teamsters Local 283** stated that he would like to encourage the union workers to stick together. Mr. Hicks stated that workers gave up wages. City gave money to lawyers for lawsuits to represent employees. I represent the employees of Park Rite. I have been before this City Council for three (3) years trying to get a fifty (50) cent raise for the parking people. A lot of them are single moms trying to support their kids. Shawny Deberry had a \$19,000 raise in 2008 and refuses to give working people a raise. The Mayor's also refuses to do anything. Grand Circus Park is closed up and should be opened making money for the city. We are asking you to please do something for twenty-six people. Council President Charles Pugh asked Mr. Hicks to put in writing the cost savings he recommended by using the parking facility.

**Deborah Taylor** concerned about Detroiters benefitting from employment and contracts opportunities. There was a liaison from the Mayor's Office that indicated that the point system would no longer be adhered to. I think that is something that really needs to be looked into, investigated and researched by the Council. This does not seem to be in the best interest of the representatives of Detroit residents. I also would be interested in HUD Act of 1968 — Section 3 that basically is a legal basis for providing jobs for residents and also awarding contracts to Detroit Based Businesses. Council has to be advocating for the residents. We have got to have somebody advocating for the Detroit residents. I encourage you to do your own research and investigation on this issue and be our advocates as residents of the City of Detroit.

**Monica Lewis Patrick** stated she works in trenches every day with our population that is illiterate in the City of Detroit. We manage a program through Proliteracy Detroit. I think one of the most detrimental things that we can do is take away the advantages that Detroit Based Businesses have in terms of this particular point system. If we're not able to cultivate within this community jobs, training and a connector between remediation, training and employment, then we're going to lose our citizenship. I urged City Council to reconsider this issue and look at what is going to be in the best interest of the citizens of Detroit.

## Invocation

Heavenly Father. We recognize that You made this day, and You were pleased to let us live in it to partner with You to make a positive difference in the lives of those we serve.

We praise your glorious name, recognizing that the greatness and the power and the glory and the victory and the majesty, indeed everything that is in the heavens and the earth belongs to You.

Riches and honor come from You, and You rule over all, and in Your hand is power

and might; and it lies in Your hand to make great and to strengthen everyone.

Father, the City of Detroit is in desperate need of many things, including jobs, large and small business infusion, better housing, economic stability, and vibrant schools. But more than anything the residents of this great city need hope.

For many residents hope has been lost. Detroit has experienced disappointment in all sectors of the community. To a large extent we must admit that we don't have all the answers. Our only hope is that our eyes are on You.

We thank You, Father, that You have so graciously given Detroit another chance by raising up new leaders, coupled with past leaders to form a team that will accomplish Your will. We know that when leaders do right the people rejoice, but when leaders do wrong the people mourn. We want to thank you for another chance to get it right.

First of all, Father, I pray that You will cause the citizens of Detroit to give this Council a fair chance to lead, and not judge them by past leadership performances.

Father, I pray for this body of leaders, that they will acknowledge you in all their ways and seek Your direction for the good of Detroit.

I pray for their physical, spiritual, and mental strength, that they may holistically render maximum service to Detroit's citizens.

I pray for their families, so that their public service will be made easy because of strong private relationships.

I pray that they be financially prosperous, that they will have all of their needs met so as to avoid unethical and unlawful temptations.

I pray, Father, that You will give them grace and wisdom to work with our new Mayor to cast and carry out a corporate vision for the City of Detroit.

I pray that each Council Member's gifts and talents will be used absent of sabotage and red-tape for the betterment of Detroit.

Father, we further recognize that unless You rebuild the City of Detroit the Council meets in vain; unless You protect the City of Detroit the Council guards in vain.

So we now ask: let Christ be with City Council, Christ be in the front, Christ be in the rear, Christ be within the City Council, Christ be below the Council, Christ be above the Council, Christ at the right hand, Christ at my left, Christ in the fort, Christ in the Chariot seat, Christ at the helm, Christ in the heart of every man, Christ in the mouth of every man who speaks, Christ in every eye that sees, Christ in every ear that hears.

So Lord build us a Council, that is strong enough to know it is weak, and brave enough to face itself when it is

afraid; one that is proud and unbending in honest defeat, and humble and gentle in great victory.

Build us a Council whose dreams won't take the place of its deeds; a Council that will know You...and that to know itself is the foundation stone of knowledge.

Build us a Council whose heart will be clear, whose goal will be high, a Council that will master itself before it seeks to master its citizens; one that will reach into the future, yet never forget the past.

And after all these things are accomplished, give this Council humility, so that it will always remember the simplicity of true greatness, the open mind of true wisdom and the meekness of true strength.

Then the citizens of the great City of Detroit, will proudly and loudly exclaim, "we did not vote in vain."

Honorable City Council:

Re: Emerald Springs 1A. Payment in Lieu of Taxes (PILOT).

The Detroit Housing Commission (DHC) will be entering into a forty-five (45) year ground lease with Emerald Springs 1A Limited Dividend Housing Association Limited Partnership. The partnership will be redeveloping a part of the former Charles Terrace housing site, which will consist of a 79 unit multifamily residential units comprising single-family, duplex and town house style structures. The unit mix will contain 2 3 and 4-bedrooms with floor plans ranging from 1000 to 1400 square feet. A community building will also be constructed to be used by both Emerald Springs 1A and 1B, and will also house the property management services. The development will contain both public housing and Low Income Housing Tax Credits units.

Financing for this development will be made possible through a Construction Loan in the amount of \$7,000,000 from Park National Bank for 24 months at prime plus 0.50 bps with a 5% floor; permanent mortgage in the amount of \$6,348,502 from the Detroit Housing Commission for 45 years at .05% interest rate and Low Income Housing Tax Credit.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

All units in the development will be restricted to households whose incomes are at or below 60% of the area median income adjusted for family size. The public housing units, through a project-based subsidy will pay approximately 30% of their gross income as rent. Forty-eight (48) tenants currently occupy units in the

existing portion of Charles Terrace; these tenants will be relocated to Emerald Springs 1A and 1B as construction is completed. Twenty-one units will be reserved for supportive service tenants: 11 units will be equipped for those with mobility impairments and 5 will be equipped for those with hearing or sight impairments.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a ten percent (10%) service charge for this project.

Respectfully submitted,  
J. CASTONE  
Assessor

Honorable City Council:

Re: Emerald Springs 1B. Payment in Lieu of Taxes (PILOT).

The Detroit Housing Commission (DHC) will be entering into a forty-five (45) year ground lease with Emerald Springs 1B Limited Dividend Housing Association Limited Partnership. The partnership will be redeveloping a part of the former Charles Terrace housing site, which will consist of a 79 unit multifamily residential units comprising single-family, duplex and town house style structures. The unit mix will contain 2, 3 and 4-bedrooms with floor plans ranging from 1000 to 1400 square feet. The development will contain both public housing and Low Income Housing Tax Credits units.

Financing for this development will be made possible through a Construction Loan in the amount of \$7,000,000 from Park National Bank for 24 months at prime plus 0.50 bps with a 5% floor; permanent mortgage in the amount of \$5,531,498 from the Detroit Housing Commission for 45 years at .05% interest rate and Low Income Housing Tax Credit.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

All units in the development will be restricted to households whose incomes are at or below 60% of the area median income adjusted for family size. The public housing units, through a project-based subsidy will pay approximately 30% of their gross income as rent. Forty-eight (48) tenants currently occupy units in the existing portion of Charles Terrace; these tenants will be relocated to Emerald Springs 1A and 1B as construction is completed. Twenty-one units will be reserved for supportive service tenants: 11 units will be equipped for those with mobility impairments and 5 will be equipped for those with hearing or sight impairments.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a ten percent (10%) service charge for this project.

City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

January 27, 2010

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees Represented by Association of Municipal Inspectors (3350).

The Labor Relations Division has recently reached agreement with the Association of Municipal Inspectors on a 2005-2012 labor contract. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long standing practice, we are, therefore, recommending that your Honorable Body authorize action to: 1) implement the health care concessions as specified in the attached schedule A-6, and 2) reduce the standard work hours to achieve the ten percent (10%) wage concessions that should have occurred during the July 1, 2005 — June 30, 2008 contract period and the twenty-six (26) mandatory Budget Required Furlough (BRF) days for the July 1, 2008 — June 30, 2012 contract period, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, as set forth in Schedule A-6, on file in the City Clerk's Office. It is recommended that these provisions of the labor agreement become effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

**NEW BUSINESS  
City Planning Commission**

February 3, 2010

Honorable City Council:

Re: Zoning Ordinance (Chapter 61) text amendment for Sexually Oriented Businesses/Adult Uses.

On November 10, 2009, City Council's Committee of the Whole held a discussion on "Secondary Effects of Sexually Oriented Businesses" at which time the November 4, 2009 report and recommendation of the City Planning Commission

with respect to the proposed Zoning Ordinance (Chapter 61) text amendment for sexually oriented businesses/adult uses was taken up.

The CPC report recommended approval of the proposed ordinance. Consistent with Sec. 61-3-17 of the Zoning Ordinance, that discussion set a 120-day clock ticking. If the Planning Commission's recommendation is not voted on by March 10, 2010 it will be deemed to be denied, barring Council's extension of the review period via resolution.

Re-circulated for your consideration are the CPC November 4th report, a 2-page summary of the Zoning Ordinance amendment, and the 72-page ordinance approved as to form by the Corporation Counsel.

Respectfully submitted,  
MARCELL R. TODD, JR.

**City Planning Commission**  
November 4, 2009

Honorable City Council:

Re: Sexually Oriented Businesses Amendment to Chapter 61, Zoning (Recommend Approval).

On Tuesday, November 10, 2009, the Committee of the Whole will meet at 2:00 P.M. to receive information from City staff and Council's consultant relative to the "secondary effects" of sexually oriented businesses derived from Police Department reports. That information, in combination with the thirty studies and cases provided to your Honorable Body on September 21, 2009 (prior to the September 22nd public discussion), will serve as the basis for consideration of the zoning and licensing amendments being submitted for your consideration.

The present reports relates to the proposed amendments to the Zoning Ordinance. Further information relative to licensing will be submitted under separate cover once the amendments to Chapter 5 and Chapter 30 have been approved as to form.

#### **BACKGROUND**

As City Council is aware, the US District Court ruled on August 6, 2007 on the constitutionality of certain provisions in Detroit's Zoning Ordinance relative to "adult uses" and directed the City to remedy the deficiencies "forthwith."

On January 17, 2008, the Mayor issued Executive Order No. 2008-1, which imposed a 120-day moratorium on the Buildings and Safety Engineering (B&SE) Department's consideration of new permits and licenses for "adult uses." That moratorium was established to provide time for preparation of amendments to the City Code relative to "adult uses;" the moratorium has subsequently been extended to December 31, 2009. A working group, consisting of the Law Depart-

ment, Police Department, Business License Center, Research and Analysis Division and City Planning Commission staff, drafted a Zoning Ordinance text amendment relative to sexually oriented businesses that was subsequently supported by the City Planning Commission (CPC).

In June 30, 2008, after receipt of the CPC's recommendation, Council held a public hearing on the proposed zoning amendment and directed staff to further consult with interested parties. On December 1, 2008, a revised draft of the Zoning Ordinance amendment was considered and turned down by vote of Council. Pursuant to Council's request, staff contracted with consultant, Scott Berghold, for assistance in incorporating up-to-date regulatory provisions that have been upheld by the courts. That resulted in a new proposed amendment to Chapter 61, Zoning, for which the City Planning Commission held a public hearing on September 3, 2009. It is that version of the ordinance which we respectfully submit for introduction and scheduling of a public hearing.

#### **GENERAL INFORMATION**

##### **Specific Uses**

When the proposed ordinance refers to sexually oriented businesses or "adult" uses it means several specific uses:

- Adult bookstores and adult video stores (includes peep shows),
- Adult cabarets (bars with live "adult" entertainment),
- Adult motion picture theaters, and
- Semi-nude model studios.

##### **Effect of zoning versus licensing provisions**

The proposed amendments to Chapter 61, Zoning, relate to where specific uses can appropriately be located. Zoning provisions specify where new uses can be established but they do not compel existing uses to comply with new use restrictions or limitations. Licensing ordinance provisions relate to how a specific use can operate once it is established. Unlike zoning amendments, licensing amendments apply to both future businesses as well as already established businesses. Only the zoning amendments are ready for introduction and public hearing at this moment.

##### **Existing sexually oriented businesses**

There are forty (40) adult cabarets that are presently open for business in the City of Detroit. Additionally, there are eight (8) adult bookstores/video stores that the City has licensed for adult coin-operated motion picture devices (peep shows). The majority of these were established prior to adoption of zoning regulations specific to sexually oriented businesses.

##### **November 2, 1972 — Judge Gilmore list**

Because of a 1972 ruling by Judge

Gilmore, ninety-five (95) bars that had go-go dancers or female impersonators were included on a list of businesses whose Cabaret "D" (adult cabaret) licenses became effective on November 2, 1972. The Judge Gilmore list also identified twenty-seven (27) adult bookstores, seventeen (17) adult theaters and adult mini theaters, and three (3) nude camera clubs. Because these "adult" uses predated adoption of the City's restrictions on them they were identified as legal uses, even though they might not comply with subsequently adopted locational and procedural requirements.

#### Recent court rulings

Because of a lawsuit brought against the City, the U.S. District Court has identified unconstitutional provisions in the City's Zoning Ordinance that need to be addressed. Specifically, the Court found that the Zoning Ordinance listed "adult" uses as a conditional use where the approval criteria included discretionary standards. Secondly, the Zoning Ordinance lacked specific time lines for considerations and approval or disapproval of permit applications.

#### SCOPE OF THE PROPOSED ORDINANCE

The attached 79-page proposed zoning amendment includes eleven provisions relating exclusively to sexually oriented businesses and ten provisions of general applicability. We expect the ordinance to be approved as to form prior to Council's discussion.

#### Adult Use-Specific Provisions

Provisions with respect to adult uses include the following:

1. **Sexually oriented businesses are removed from the "Regulated Use" category and organized into a new category for "Adult Uses/Sexually Oriented Businesses" with a stated purpose.** For ease of reference, the provisions related to sexually oriented businesses are recited together in a new Division 11 of Article III of the proposed Zoning Ordinance amendment. "Regulated Uses" include brewpubs and microbreweries, cabarets, public dance halls, bars, hotels, public lodging houses, motels, pawnshops, plasma donation centers, and secondhand stores and secondhand jewelry stores. The proposed amendment does not change regulations relative to these other "Regulated Uses" but because they may be mentioned in the same section of text where "adult" uses have been deleted, the entire section has to be printed.

The amendment's **purpose** is to prevent deleterious secondary effects of sexually oriented businesses and not to restrict the content of or access to sexually oriented materials and entertainment by adults. Recognition of deleterious secondary effects from sexually oriented businesses has been evidenced in the

comments and observations of Detroiters whose daily lives intersect with sexually oriented businesses as well as in the hearings and reports of other municipalities and in numerous court cases involving sexually oriented businesses.

2. **The terms, adult physical culture establishment, adult personal service establishment, adult supply store and adult theater, Group "D" adult cabaret, Group "E" adult cabaret are eliminated; the land use terms adult bookstore or adult video store, adult motion picture theater, nudity, semi-nude or semi-nudity, semi-nude model studio, and sexually oriented business are added and defined.** The new land use terms tend to describe the same land uses that have been on the books for years, but by applying land use labels in more common usage. The terms, nudity, semi-nude, and sexually oriented business are new to the Zoning Ordinance.

3. **The use of certain terms is explained in the context of adult uses:** Characterized by, Floor Space, Regularly (§61-3-343(b)); **definitions of certain terms have been modified:** Adult cabaret, Adult uses (§61-16-31); Specified anatomical areas, Specified sexual activities (§61-16-174).

4. **Sexually oriented businesses are newly prohibited in the B6 District and M3 District and their permissibility is changed in the M4 and M5 Districts from conditional uses to by-right uses.** Currently "adult" uses are listed as conditional uses and require a special land use public hearing at the Buildings and Safety Engineering (B&SE) Department. The approval criteria for conditional uses involve both non-discretionary and discretionary standards. By-right uses do not involve a public hearing; the permissibility of by-right uses is determined only by those non-discretionary objective standards that are recited in the ordinance, thus responding to a key finding of the court. Unlike conditional uses, by-right uses are typically approved or disapproved in a matter of days — consistent with the court's expectation of prompt review and decision-making. Final decisions for conditional uses typically take weeks or months.

In recent years "adult" uses have been permitted in the B6 (General Business)

District but only outside the Central Business District — areas such as the Eastern Market. Both B6 and M3 (General Industrial) Districts are proposed to be eliminated from the list of districts where new sexually oriented businesses might locate because such districts can be found near residential neighborhoods, which the amendment seeks to protect from deleterious secondary effects. Land zoned M4 (Intensive Industrial District) and M5 (Special Industrial District) — the only zoning districts where new sexually oriented businesses would be permitted — is plentiful in Detroit: more than 13 square miles, almost 12% of the entire city is zoned M4 or M5.

**5. The proposed amendment specifies that new adult uses shall be located farther than 1,000 radial feet from: land zoned R1, R2, R3, R4, R5, R6, and residentially developed PD, SD1, SD2, or SD4; any school, park, playground, playfield, playlot, recreation center, or youth activity center; any religious institution (identified by the Assessor as “exempt” property); any other Adult Use; any Regulated Use.** The “spacing” provisions are a key feature of the ordinance to help prevent deleterious secondary effects of sexually oriented businesses. (To visualize one thousand feet, a person on Jefferson at Woodward could walk to Washington Boulevard or Brush Street or into Campus Martius Park.)

*Comment:* Municipalities have established limitations on sexually oriented businesses for decades. The U.S. Supreme Court acknowledged the appropriateness of such regulations as a means to preserve the quality of urban life. The first case where Supreme Court recognized the deleterious impact of “adult” uses on neighborhoods involved the City of Detroit. In its ruling, the court noted the opinion of urban planners and real estate experts that “...the location of several such businesses in the same neighborhood tends to attract an undesirable quantity and quality of transients, adversely affects property values, causes an increase in crime, especially prostitution, and encourages residents and businesses to move elsewhere.” (*Young vs. American Mini Theatres, Inc.*, 427 U.S. 50 (1976).

By segregating sexually oriented businesses from residential areas and from sensitive land uses (parks, playgrounds, churches, schools, etc.) and by specifying a minimum distance from other potentially deleterious uses (bars, nightclubs, pawnshops, motels, etc.), the proposed amendment establishes a buffer to help protect and stabilize neighborhoods and

safeguard against the over-concentration of uses that, cumulatively, can diminish values and chill other development.

The 40-plus existing sexually oriented businesses in the City of Detroit are found on fifty-two (52) parcels of land that occupy in excess of 12 acres. By comparison, the total number of parcels of land that meet all the conditions for a new sexually oriented business under the 1,000-foot spacing standard is 361, that occupy a total of 204 acres — almost 2% of Detroit industrial land area. The 204 acres do not include otherwise properly zoned parcels that were not accessible to the public by road or that were in active use under secure conditions by large institutions — such sites were not viewed as plausible sites for new sexually oriented businesses.

In visiting the various properties that met the proposed spacing regulations, staff found some buildings that appeared vacant or whose operation was questionable. Some of the properties were vacant land or property for sale. (The actual availability of specific properties, or course, will vary by location and owner.)

Staff calculates that there would be thirty (30) new sites where B&SE would be able to issue by-right permits for an “adult” uses if the amendment is adopted as drafted. These sites are in addition to the sites already occupied by existing sexually oriented businesses.

**6. New adult uses are prohibited on any zoning lot in a Major Corridor overlay area or within 100 feet of a designated Major Corridor; Eight Mile Road is added to the list of Major Corridor Overlay Areas.** Consistent with a petition filed in earlier years by the Eight Mile Boulevard Associations, the Zoning Ordinance would now identify Eight Mile Road as a major corridor and the lots adjacent to it as part of a major corridor overlay area, subject to specific standards applicable to the corridor.

This overlay is similar to the overlay designation applied by the Zoning Ordinance in 2005 in nine commercial strips identified in the Zoning Ordinance as Traditional Main Street overlay areas where unique development standards apply. Currently, Woodward Avenue between West McNichols and West Eight Mile Road is identified as a major corridor overlay area.

Eight Mile Road between Redford Township and Harper Woods hosts nine of the existing adult cabarets and three of the existing adult bookstores in the City. Although most “adult” uses tend to be located near the city limits, no other street in Detroit shows a proliferation of sexually oriented businesses comparable to Eight Mile Road.

**7. Spacing and locational requirements may not be waived by the Board of Zoning Appeals.** The Zoning Ordinance authorizes the Board of Zoning Appeals (BZA) to consider numerous kinds of cases; however, the approval criteria for different types of variances involve a range of discretionary and non-discretionary standards. The BZA routinely has to make judgment calls as to the desirability or appropriateness of a use or a feature of a use based on testimony presented in public hearing.

For consistency with the court's expectation that land use decisions related to sexually oriented businesses *not* be subjective or based on discretionary standards, the objective determination of the permissibility of a new "adult" use in conformance with the 1,000-foot spacing standards is not reviewable by the BZA. If a proposed location satisfies the objective criteria, the permit is issued; if the proposed location does not meet the objective criteria, the permit is denied.

*Related text:* §61-4-92(3), §61-12-95.

**8. Requires compliance with general provisions of the City Code.** As is true with any other land use, sexually oriented businesses have to comply with the law. Specifically, they must be licensed in accordance with the provisions of Chapter 5 of the City Code (Amusements). They must follow the off-street parking, off-street loading, landscaping, and screening requirements and standards of Article XIV of the Zoning Ordinance. The advertising and signage provisions of Chapter 3 of the City Code must be followed. Proposed "adult" uses must also be consistent with plans adopted by ordinance for development plan areas — areas which are often represented by citizens' district councils.

*Related text:* §61-12-342.

**9. Structural alterations to a nonconforming adult use are subject to review and approval by the Board of Zoning Appeals.** The Zoning Ordinance defines nonconforming uses as those uses that were legally established but which do not appear in, or are specifically excluded from, the listings of uses permitted by right or conditionally in the zoning district where they are located. Because of past revisions to the Zoning Ordinance to limit the zoning districts where sexually oriented businesses could locate, most "adult" uses are currently nonconforming.

The Zoning Ordinance also defines structural alterations as any change in the supporting members of a building such as bearing walls, columns, beams or girders, or any substantial change in the roof and exterior walls. This is different than cosmetic changes to a building.

Although "grandfathered-in" noncon-

forming uses may continue operating, the Michigan Zoning Enabling Act declares, "The elimination of the nonconforming uses and structures in a zoning district is declared to be for a public purpose and for a public use (*MCL 125.3208(4)*)." Municipalities are authorized to adopt appropriate provisions for different classifications of nonconforming uses. Accordingly, the proposed amendment would require the BZA to review such a major change as a structural alteration to the building housing a nonconforming "adult" use in order to close a loophole that has seen the near total demolition of an old, nonconforming use and its replacement by a dramatically different and new building. [Structural alterations for uses, in general, are also addressed in Item #17, below.]

**Expansion or intensification of a nonconforming adult use is prohibited.**

Expansion of a use would involve the increase in the lot area or floor area of the use; intensification of a nonconforming use would be the addition of a by-right or conditional use to the existing use.

Consistent with state law, municipalities can treat different classes of nonconforming uses differently. Detroit's Zoning Ordinance already does this, for example, by allowing damaged, nonconforming single-family dwellings to be reconstructed without need for a BZA hearing. Given the deleterious secondary effects associated with sexually oriented businesses, the expansion or intensification of an "adult" use located in an area where the use is currently prohibited would run contrary to the City's interest.

**10. Required off-street parking of sexually oriented businesses is specified to be located on the same lot as the principal use.** Observations from community residents and the police attest to the occurrence of problems associated with sexually oriented businesses outside the building but within the use's parking lot. To reduce the possibility of trouble occurring off the premises beyond the "adult" use's perimeter, the required off-street parking would have to be located on the same lot as the adult use — not on a lot remote from the use. Overflow parking could still be provided on separate zoning lots.

*Related text:* §61-12-342(2), §61-14-57.

**11. The proposed amendment specifies that a nonconforming "adult cabaret" may be placed on record as a "cabaret" by the Buildings and Safety Engineering Department without a change-of-use hearing.** For consistency with the state and city's interest in the replacement of nonconforming uses by conforming uses, bars that have func-

tioned as adult cabarets could change their operation from a sexually oriented business to a cabaret without need for the special land use hearing typically required of cabarets. The effect of this proposed change would be to remove obstacles from a "strip club" in a B4 zoning district, where adult cabarets have been prohibited, converting to a regular nightclub. B&SE would be authorized to place the new use on record upon written request of the owner.

#### **Generally Applicable Provisions**

Provisions of general applicability include the following:

**12. Reconciles the Article III and Article XII listings of Regulated Uses.** Article III of the Zoning Ordinance is titled, Review and Approval Procedures; Article XII is titled, Use Regulations. This is a non-substantive amendment to ensure internal consistency between provisions within the Zoning Ordinance.

*Related text:* §61-3-253, §61-12-94, 61-16-162.

**13. The term for abandonment of nonconforming uses is changed from two (2) years to six (6) months for consistency with the term for abandonment of conforming uses.** It has long been counter-intuitive that uses, which the state identifies as meriting elimination over time, should be allowed to remain closed or inactive for four times as long as a conforming use.

*Related text:* §61-14-454, §61-15-21(2).

**14. The powers, duties and jurisdiction of the BZA are clarified with respect to administrative review.** This revision is meant to remove confusion over the terms, enforcement and administration.

*Related text:* §61-2-48, §61-4-71.

**15. Certain approval criteria for site plan review are clarified.** These revisions acknowledge that the City's Master Plan typically does not include provisions germane to site plan review and they clarify that a site plan should be consistent with immediate surroundings and aesthetically compatible with nearby development "to the extent practicable."

*Related text:* §61-3-152, §61-3-157, §61-3-160.

**16. Licensing provisions for bathhouses are cross-referenced.** Bathhouses had been classified as an adult physical culture establishment — a land use term that is deleted in the proposed amendment. Bathhouses, instead, are classified together with health clubs and other indoor commercial recreation facilities. This amendment simply indicates that bathhouses need to be licensed, consistent with the provisions of Chapter 8 of the City Code.

*Related text:* §61-12-226(4).

#### **17. Definitions of certain terms have been modified:**

"Alteration" is expanded with respect to the mention of structural alteration.

*Related text:* §61-16-32.

"Cabaret" is expanded to clarify that semi-nudity is not a feature of a cabaret.

*Related text:* §61-16-51.

"Health club" is expanded to include bathhouses.

*Related text:* §61-16-101.

"Incidental" is moved from one section to the next to fall in the appropriate alphabetical order of definitions and to expand an example of what the term means.

*Related text:* §61-16-111 and §61-16-112.

"Structural alterations" is restated under the alphabetical listing of terms beginning with "S," the same as the term "Alteration" defined structural alterations under the alphabetical listing of terms beginning with "A."

*Related text:* §61-16-175.

**18. Provisions related to petition-circulation for fourteen (14) uses are updated with accurate cross-references in anticipation of the repeal of the same provisions duplicated in the licensing provisions of other chapters of the City Code.** Preparation of the adult uses ordinances has coincided with general revisions to the City Code as part of the Law Department's re-codification project with the Municipal Code Corporation. Several adults uses, regulated uses, and other uses have contained provisions for the circulation of petitions of neighborhood consent in both Chapter 61 and in other chapters of the City Code where licensing for the use was specified. Since the petition circulation provisions will be deleted from the non-zoning chapters of the City Code, the Zoning Ordinance list of uses that may involve petition is expanded to reflect every land use where reference to petitions had been omitted from the Zoning Ordinance.

*Related text:* §61-12-85.

**19. The catch lines, column headings, and provisions for "spacing tables" are reformulated for greater consistency with the text of use regulations and procedures.** As a matter of ordinance "housekeeping," the series of tables that summarize various locational requirements for different groups of land uses are amended to more precisely describe the spacing requirements. Some of the land uses relate to sexually oriented businesses, others to Regulated Uses, others to miscellaneous uses that are locationally sensitive.

*Related text:* §61-12-89, §61-12-90, §61-12-91, §61-12-92, §61-12-93, §61-12-94.

**20. Specific use regulations are reformatted for consistency with other**

**chapters of the City Code.** These numerous, non-substantive changes are meant to establish a consistent formatting of provisions throughout the City Code. Certain of the provisions relate to adult uses, others to Regulated Uses, and others to miscellaneous uses where licensing is required in addition to adherence to other use regulations. Since adherence to the other use regulations is typically a pre-condition to licensing, the cross-reference to licensing is routinely recited as the last of the use regulations.

#### 21. Miscellaneous.

Reconciles the catch line with the text of a provision.

Updates the numbering sequence for a list of uses.

### RESULTS OF CITY PLANNING COMMISSION PUBLIC HEARING

At the September 3, 2009 CPC public hearing, CPC staff provided an overview of the 21 provisions of the proposed ordinance in light of the various secondary effects of adult uses documented in 30 reports and court rulings from across the country.

Nine members of the public spoke at the hearing. Most offered comments or raised questions — several individuals voicing frustration over enforcement efforts in general. Various speakers provided examples of the negative effects they experienced from living near a sexually oriented business — crime increase, property vandalism, parking violations, unsanitary trash, extreme noise pollution. One speaker opposed the ordinance, contending it would allow additional “adult” uses in the neighborhood she represents. Other speakers urged harsher penalties against violators or a provision to ensure community input prior to issuance of permits.

Two speakers supported the ordinance: one, a real estate appraiser who attested to the negative secondary effects on the real estate market from “adult” uses; the other, a representative of the precinct neighborhood coalition who felt the proposed amendment was a good step forward. Complaints and comments that were neighborhood-specific and business-specific were followed-up on by staff in subsequent discussion at the table and after the meeting.

### ANALYSIS

In drafting the proposed ordinance, staff tried to balance the need to ensure that enough locations in the city would be available for the establishment of new sexually oriented businesses while not

opening up so much of the city to new “adult” uses so as to prompt a proliferation.

Staff believes that the proposed 1,000-foot spacing provision — as opposed to a 500-foot or 1,500-foot provision — achieves the desired balance.

### CONCLUSION AND RECOMMENDATION

At its September 3, 2009 meeting, the City Planning Commission voted to recommend approval of the proposed ordinance. Given Council’s scheduled recess after November 20, 2009, if Council wishes to act on the proposed zoning amendment the ordinance should be introduced at the formal session of November 10, 2009 so that the Charter-mandated 5-day public notice can be provided prior to Council’s public hearing. The Mayor’s executive order, which extended the moratorium on the consideration of new zoning permit applications, expires on December 31, 2009.

**DIVISION 11. ADULT USES/ SEXUALLY ORIENTED BUSINESSES**  
**Sec. 61-3-341. Purpose; Findings and Rationale.**

(a) *Purpose.* It is the purpose of this division to regulate sexually oriented businesses in order to promote the health, safety, and general welfare of the citizens of the City, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented businesses within the City. The provisions of this division have neither the purpose nor effect of imposing a limitation or restriction on the content or reasonable access to any communicative materials, including sexually oriented materials. Similarly, it is neither the purpose nor effect of this division to restrict or deny access by adults to sexually oriented materials protected by the First Amendment of the United States Constitution or by Article I, Section 5 of the Michigan Constitution, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the purpose nor effect of this division to condone or legitimize the distribution of obscene material.

(b) *Findings and Rationale.* Based on evidence of the adverse secondary effects of adult uses presented in hearings and in reports made available to the City Council, and on findings, interpretations, and narrowing constructions incorporated in the cases of *City of Littleton v. (1) Sexually oriented businesses, as a category of commercial uses, are associated with a wide variety of adverse secondary effects including, but not limited to, personal and property crimes, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, noise, traffic, urban blight, litter, and sexual assault and exploitation.

(2) Sexually oriented businesses should be separated from sensitive land use to minimize the impact of their secondary effects upon such uses, and should be separated from other sexually oriented businesses to minimize the secondary effects associated with such uses and to prevent an unnecessary concentration of sexually oriented businesses in

one area.

(3) Each of the foregoing negative secondary effects constitutes a harm which the City has a substantial government interest in preventing and/or abating. This substantial government interest in preventing secondary effects, which is the City's rationale for this division, exists independent of any comparative analysis between sexually oriented and non-sexually oriented businesses. Additionally, the City's interest in regulating sexually oriented businesses extends to preventing future secondary effects of either current or future sexually oriented businesses that may locate in the City. The City Council finds that the cases and documentation relied on in this division are reasonably believed to be relevant to said secondary effects.

(c) *Adoption and incorporation of findings.* The City hereby adopts and incorporates herein its stated findings and legislative record related to the adverse secondary effects of sexually oriented businesses, including the judicial opinions and reports related to such secondary effects. **Sec. 61-3-342. Adult Uses subject to this Division.**

This Division applies to all Adult Uses and Sexually Oriented Businesses as defined in Article XVI of this Chapter.

**Sec. 61-3-343. Definitions; meaning of terms.**

(a) The "adult use" land use terms as used in this Division are defined in Sec. 61-16-31 of this Code.

(b) With respect to adult uses/sexually oriented businesses, the following terms have the following meanings:

(1) *Characterized by.* For sexually oriented businesses, the phrase "characterized by" means describing the essential character or quality of an item. No business shall be classified as a sexually oriented business by virtue of showing, selling, or renting materials rated NC-17 or R by the Motion Picture Association of America.

(2) *Floor Space.* For sexually oriented businesses, "floor space" means the floor area inside a sexually oriented business that is visible or accessible to patrons for any reason, excluding restrooms.

(3) *Regularly.* For sexually oriented businesses, "regularly" means the consistent and repeated doing of an act on an ongoing basis.

**Sec. 61-3-344. Permitted Uses; Procedure.**

(a) Adult Uses are permitted on a by-right basis in the M4 and M5 zoning districts, subject to the provisions of this Division and the use regulations of Sec. 61-12-342.

(b) The Buildings and Safety Engineering Department shall not approve any request for an adult use/sexually oriented business unless the use is located in an

M4 or M5 zoning district and on a zoning lot that is at least one thousand (1,000) feet from:

(1) any land zoned R1, R2, R3, R4, R5, R6, or residential PD.

(2) any residentially developed zoning lot in the SD1, SD2, and SD4 zoning districts;

(3) any zoning lot occupied by any elementary, middle, or high school;

(4) any zoning lot occupied by any park, playlot, playfield, playground, recreation center, or youth activity center as defined in Sec. 61-16-212 of this Code;

(5) any zoning lot occupied by any religious institution identified as exempt by the City Assessor;

(6) any zoning lot occupied by another sexually oriented business; and

(7) any zoning occupied by any Regulated Use.

(c) The Buildings and Safety Engineering Department shall not approve any application for an adult use/sexually oriented business where the zoning lot of the proposed adult use is located within a Major Corridor Overlay Area or within one hundred (100) feet of a designated Major Corridor, as specified in Sec. 6-11-322 of this Code.

(d) The applicant shall submit such documentation as determined appropriate by the Buildings and Safety Engineering Department in order for the department to determine consistency or non-consistency with the locational specifications of subsections (b) and (c) of this section. The Buildings and Safety Engineering Department shall approve or disapprove the permit application within thirty (30) days of the permit having been accepted as complete. Determination of whether the permit application is complete shall be made in accordance with Sec. 61-3-5 of this Code.

(e) Any premises, building, or other structure in which a sexually oriented business is regularly operated or maintained in violation of the standards included and incorporated in this Chapter shall constitute a public nuisance and shall be subject to civil abatement proceedings initiated by the City of Detroit in a court of competent jurisdiction. Any premises, building, or other structure declared by the court to be a public nuisance may be closed for up to one year and the property owner assessed the costs of abatement. Each day that a violation is permitted to exist or occur shall constitute a separate operation or maintenance of the violation.

**Sec. 61-3-345. Expansion and abandonment of nonconforming adult use/sexually oriented business.**

(a) Legally established adult uses/sexually oriented businesses in zoning districts where adult uses/sexually oriented businesses are not permitted shall be

considered legal nonconforming uses but they shall not be expanded, intensified or enlarged in any manner. The Board of Zoning Appeals shall not waive this provision.

(b) If a nonconforming adult use/sexually oriented business is abandoned and its land use rights extinguished, as provided in Sec. 61-15-21 of this Code, such use may not be reestablished.

**Sec. 61-3-346. Structural alterations of buildings occupied by legally established nonconforming adult uses/sexually oriented businesses.**

Structural alteration of any legally established nonconforming adult use/sexually oriented business may be permitted by the Board of Zoning Appeals where:

(1) The proposed structural alteration meets the relevant building, design, and dimensional criteria set forth in this Code; and

(2) The proposed structural alteration is necessary for the sexually oriented business to comply with interior configuration requirements set forth in Chapter 5, Article XV of this Code.

**ARTICLE IV. REVIEW AND APPROVAL PROCEDURES (PART 2)**

**DIVISION 3. BUILDING PERMITS AND CERTIFICATES OF OCCUPANCY  
Subdivision A. Building Permits.**

**Sec. 61-4-33. Permit required for new use of buildings.**

No building or structure, or part thereof, shall be changed to or occupied by a use of a different kind or class, unless a building permit is first obtained for the new use. Notwithstanding the foregoing general building permit requirement, a building or structure, or part thereof, that was occupied by a Group "D" Adult Cabaret use as that kind of use was defined on November 1, 2009 may be placed on record by the Buildings and Safety Engineering Department, upon written request of the owner, as a Group "A" Cabaret use, a Group "B" Cabaret use, or a Group "C" Cabaret use without obtaining a building permit for the different use.

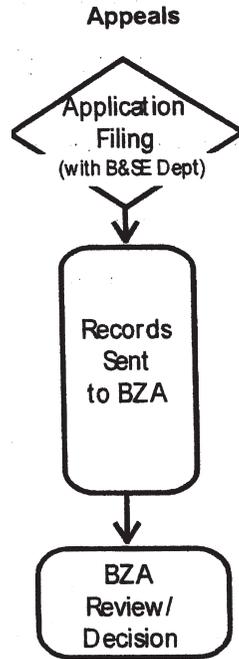

**DIVISION 5. APPEALS OF ADMINISTRATIVE DECISIONS**

**Sec. 61-4-71. Jurisdiction over appeals of administrative decisions.**

The Board of Zoning Appeals shall hear and decide appeals from and review any order, requirement, decision, or determination that is made by an administrative official in the administration or enforcement of this Zoning Ordinance, or any decision made by the Buildings and Safety Engineering Department involving Conditional Uses, Regulated Uses, or Controlled Uses, or any denial of a site plan by the Planning and Development Department. Nothing contained in this section shall be deemed to authorize the

Board to reverse or adjust any order or decision, which conforms to the provisions of this Zoning Ordinance. (See Figure 61-4-71.)

**Figure 61-4-71**

**Sec. 61-4-75. Finalization of Zoning Grant Proof of correction of violations or deficiencies.**

The Board of Zoning Appeals may require proof of correction of any violations or deficiencies prior to the approval of any zoning grant.

**DIVISION 6. VARIANCES AND ADMINISTRATIVE ADJUSTMENTS  
Sec. 61-4-92. Other variances.**

After a public hearing, a variance may be granted by the Board of Zoning Appeals based on the approval criteria of Sec. 61-4-81 of this Code in the following instances:

(1) *Variance of Use Regulation.* Except when an administrative adjustment may be granted, the Board of Zoning Appeals may modify any use regulation that is specified in Article XII, Division 2, Article XII, Division 3, Article XII, Division 4, and Article XII, Division 5, Subdivision A and Article XII, Division 5, Subdivision C of ~~ARTICLE XII~~ of this Chapter and any quantified dimensional standard in Article VI, Division 2, Article

VI, Division 3, and Article VI, Division 4 of ARTICLE VI of this Chapter, except such provisions that are also specified elsewhere in the City Code as requirements for licensing or other regulatory purposes;

(3) *Variance of Spacing/Locational Regulation.* Except when an administrative adjustment may be granted, ~~excluding all Adult Uses,~~ the Board of Zoning Appeals may modify any spacing or locational regulation, also known as a locational variance, in Sec. 61-12-87 of this Code in accordance with the procedures in Sec. 61-12-95 of this Code (See Sec. 61-12-87 of this Code).

**Sec. 61-12-95. Waiver of general spacing requirements.**

Except for Controlled Uses, only the Board of Zoning Appeals may adjust the spacing requirements between land uses, as provided for in the tables in Sec. 61-12-89, Sec. 61-12-90, Sec. 61-12-91, Sec. 61-12-92, and Sec. 61-12-94 of this Code, as a "locational variance" in accordance with the criteria specified in Sec. 61-4-81 of this Code and where the proposed use satisfies all of the following conditions:

(1) All other applicable regulations within this Zoning Ordinance or this Code will be observed;

(2) The proposed use will not be contrary to the public interest or injurious to nearby properties in the proposed location, and the spirit and intent of the purpose of the spacing regulations will still be observed;

(3) The proposed use will not aggravate or promote a deleterious effect upon adjacent areas through causing or encouraging blight, and will not discourage investment in the adjacent areas or cause a disruption in neighborhood development; and

(4) The establishment of the use in the area will not be contrary to any program of neighborhood conservation or interfere with any program of urban renewal.

The spacing and locational requirements for adult uses, as specified in Sec. 61-3-344 and Sec. 61-12-92 of this Code, may not be waived.

**DIVISION 3. SPECIFIC USE STANDARDS**

**Subdivision A. Residential Uses**

**Sec. 61-12-118. Lofts; residential uses combined in structures with permitted commercial uses.**

In order to encourage the preservation and reuse of existing commercial and industrial structures, and to encourage live-work situations, loft conversions and mixed-use commercial-residential uses are permitted in many zoning districts, even in certain districts where new residential construction is prohibited.

Lofts in the B6, M1, M2, M3, M4, and SD4 Districts are subject to review by the Loft Review Committee as provided for in Article II, Division 7, Subdivision C of this Chapter.

Similarly, single-family dwellings, two-family dwellings, and multiple-family dwellings are permitted in commercial or industrial structures combined with those permitted Retail, Service, and Commercial uses specified in Article XII, Division 1, Subdivision D of this Chapter, except for "Adult Uses/Sexually Oriented Businesses" as specified in Sec. 61-12-4478.

For example, although a single-family detached dwelling is not permitted by right in the R6 District, a doctor's office that has an apartment is permitted by

right as a "Residential use combined in structures with permitted commercial uses." In addition, in industrial zoning districts where new residential construction is prohibited, an existing building with a hardware store on the ground floor, for example, and residential units on the upper floor(s) could be reoccupied on a Conditional Use basis and without the need for approval by the Board of Zoning Appeals.

However, any time three (3) or more residential units are combined with permitted commercial uses in a commercial or industrial structure in the B6, M1, M2, M3, M4, or SD4 District, the use shall be subject to the review of the Loft Review Committee as provided for in Article II, Division 7, Subdivision C of this Chapter.

In the SD4 District, specially designated merchant's (SDM) establishments and specially designated distributor's (SDD) establishments are permitted when incidental to, accessory to, and on the same zoning lot as a loft development that has not fewer than fifty (50) dwelling units.

Additionally, in designated Traditional Main Street overlay areas, as provided in Sec. 61-11-312 of this Code, multiple-family dwellings combined in structures with permitted commercial uses shall be permitted by right, notwithstanding any designation as a conditional use in Article IX of this Chapter.

Permits for uses that have been abandoned are subject to the provisions of Sec. 61-3-25 and Sec. 61-3-26 of this Code.~~

**ARTICLE XV. NONCONFORMITIES  
DIVISION 2. NONCONFORMING USES.**

**Sec. 61-15-16. Expansion or intensification of nonconforming uses.**

A public hearing at the Board of Zoning Appeals shall be required in any instance that involves the expansion or intensification of a nonconforming use, subject to the provisions of Sec. 61-15-17 of this Code. ~~However, nonconforming Adult Uses shall not be considered for expansion or intensification. See Sec. 61-3-345.~~

(1) Any increase in the gross floor area of a building that houses a nonconforming use shall be deemed an expansion of the nonconforming use. Any increase in the area of a zoning lot where a nonconforming use is located shall be deemed an expansion of the nonconforming use;

(2) The addition of any by-right or conditional land use to a nonconforming use upon the same zoning lot and within the same gross floor area shall be deemed an intensification of the nonconforming use; and

(3) The addition of off-street parking for a nonconforming use, solely for the purpose of complying with the off-street parking standards of Article XIV, Division 1 of this Chapter, shall not be considered an expansion of the nonconforming use, but shall be governed by the zoning district regulations for "parking lots or parking areas;" and by the regulations and standards for "off-street parking," provided for in Article XIV of this Chapter.

"Intensification of use" is defined in Sec. 61-16-112 of this Code.

**Sec. 61-15-19. Change of use to conforming use.**

(a) A nonconforming use may be changed to any use that is allowed in the zoning district where it is located, subject to the all applicable standards and requirements applicable to the new use. However, this does not mean that the conforming use may be established in addition to a continuing nonconforming use, only that a conforming use may replace the nonconforming use.

(b) Notwithstanding the provisions of subsection (a) of this section, a legally established nonconforming use that was

a Group "D" Adult Cabaret use as that kind of use was defined on November 1, 2009 may be placed on record by the Buildings and Safety Engineering Department, upon written request of the owner, as a Group "A" Cabaret use, a Group "B" Cabaret use, or a Group "C" Cabaret use without applying for or obtaining approval from the Buildings and Safety Engineering Department for the change of use.

(c) Once a nonconforming use is converted to a conforming use, it may not be changed back to a nonconforming use.

**Sec. 61-15-20. Change of use to other nonconforming use.**

A nonconforming use may be changed to another nonconforming use only where reviewed and approved by the Board of Zoning Appeals in accordance with the procedures that are specified in Sec. 61-2-46 of this Code. However, a nonconforming use may not be changed to any of the following:

(1) Regulated uses as specified in Sec. 61-3-253 of this Code on land zoned R1, R2, R3, R4, R5, or R6, except where an establishment for the sale of beer or intoxicating liquor for consumption on the premises would reoccupy an existing non-residential building, provided no dance or entertainment activity that would require a cabaret permit and license shall be included;

- (7) Motor vehicle services, minor; ~~and~~
- (8) Motor vehicle washing and steam cleaning; ~~and~~

(9) Adult Uses as specified in Sec. 61-3-342 or this Code.

The Board of Zoning Appeals may approve such change of use only where the Body determines that the new proposed use will be less injurious to the surrounding area than the previous nonconforming use. Where a change in use is approved, the Board of Zoning Appeals shall be authorized to impose conditions that the Body deems necessary to reduce or minimize any potentially adverse effect upon other property in the neighborhood, and to carry out the general purpose and intent of this Zoning Ordinance. Any condition that is imposed must relate to a situation created or aggravated by the proposed use and must be roughly proportional to its impact.

Notwithstanding the foregoing requirement that the Board of Zoning Appeals review and approve a change of use, a legally established nonconforming use that was a Group "D" Adult Cabaret use as that kind of use was defined on

November 1, 2009 may be placed on record by the Buildings and Safety Engineering Department, upon written request of the owner, as a Group "A" Cabaret use, a Group "B" Cabaret use, or a Group "C" Cabaret use without applying for or obtaining approval from the Board of Zoning Appeals for the change of use.

- (ii) Has been denied or revoked without a timely appeal having been filed;
- (iii) Has been denied or revoked, and a timely appeal of the denial or the revocation did not result in the granting of the license.

~~(2)~~ (3) *Overcoming Presumption of Abandonment.* A presumption of abandonment based on the evidence of abandonment, as provided for in Subsection ~~(2)~~ (2) of this section, may be rebutted upon a showing of all of the following, to the satisfaction of the Board of Zoning Appeals, that the owner:

Intensification of Use	<p>As intensification of use occurs where a use is added to an existing land use without the physical expansion of the building, structure, lot, or gross floor area.</p> <p>An example: where a conditional use, regulated use, controlled use, or nonconforming use that occupies a single-story building were to add an additional use under the same roof, and that additional use is reached through the same entrance as the original use and the additional use is not separated from the original use by a tenant separation wall, then it would be considered an intensification of the original use even though the gross floor area had not been increased.</p> <p>However, where a land use that occupies a single-story building were to subdivide its floor area by a tenant separation wall and were to provide a separate entrance from the outside to the subdivided space, it would not be considered an intensification of the original use, but rather the establishment of a new principal use at a different address.</p>

**ARTICLE XV.**

**SEXUALLY-ORIENTED BUSINESSES  
DIVISION 1. IN GENERAL**

**Sec. 5-15-1. Purpose and scope.**

(a) *Purpose.* The purpose of this article is to regulate sexually-oriented businesses in order to promote the health, safety, and general welfare of the people of the City, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually-oriented businesses within the City. The City hereby adopts and incorporates herein its stated findings and legislative record related to the adverse secondary effects of sexually-oriented businesses, including the judicial opinions and reports related to such secondary effects contained in the Resolution for the passage of this article, and also those findings and legislative record documents specified in Section 61-3-341 of the Detroit City Code, the *Detroit Zoning Ordinance*. Therefore, the City finds that sexually-oriented businesses are associated with a wide variety of adverse secondary effects including, but not limited to, personal and property crimes, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, noise, traffic, urban blight, litter, and sexual assault and exploitation. Each of these secondary effects constitutes a harm that the City has a substantial government interest in preventing and/or abating, and this substantial government interest, which is the City's rationale for this article, exists independent of any comparative analysis between sexually-oriented and non-sexually-oriented

businesses. The City finds that the information relied on in this article is reasonably believed to be relevant to said secondary effects. Further, the purpose, intent, or effect of this article is not to impose a limitation or restriction on the content of any speech that is protected by the First Amendment, or to restrict or deny access to adults of speech or conduct that is speech, which is protected by the First Amendment, or reasonable access to any communicative materials, including sexually-oriented materials.

(b) It is neither the intent nor effect of this article to restrict or deny access by adults to sexually-oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually-oriented entertainment to their intended market. Neither is it the intent nor effect of this article to condone or legitimize the distribution of obscene material.

**RESOLUTIONS**

**RESOLUTION OF THE DETROIT CITY  
COUNCIL NOMINATING COUNCIL  
MEMBER KENNETH C. COCKREL, JR.  
AS ONE OF MICHIGAN'S GREEN  
LEADERS**

By COUNCIL MEMBER BROWN:

WHEREAS, To mark the 40th anniversary of Earth Day in April, the Detroit Free Press will honor Michigan's Green Leaders for meritorious practices in environmental responsibility; and

WHEREAS, The Detroit Free Press is looking for substantive and creative accomplishments that hold promise to move the State of Michigan forward toward a green and sustainable economy; and

WHEREAS, Our colleague Council Member Kenneth V. Cockrel, Jr. has been a pioneer and leader in the City of Detroit and Southeastern Michigan on environmentally progressive initiatives through his leadership of the City Council Green Task Force, as well as his work as President of City Council, Interim Mayor, and a current Council Member, as more fully detailed on the attached nomination essay; and

WHEREAS, Council Member Cockrel's work is unique because he has carried out his leadership role and a commitment to sustainability at every level of government service he has held; and

WHEREAS, He has consistently put forth initiatives that should be a model for other governmental entities because the foundation of every initiative and accomplishment has been collaboration with all stakeholders and he is a model for how great leadership instills a passion for the mission; and

WHEREAS, Council Member Cockrel has the respect and support of his colleagues, the Administration, the many participants on the Green Task Force, and leaders throughout Southeastern Michigan; NOW, THEREFORE, BE IT

RESOLVED, That the Detroit City Council hereby nominates Council Member Kenneth V. Cockrel, Jr. as one of Michigan's Green Leaders.

We, the Detroit City Council, hereby nominate Detroit City Council Member Kenneth V. Cockrel, Jr. as one of the Detroit Free Press's Michigan Green Leaders. Council Member Cockrel has been a pioneer and leader in the City of Detroit and region on environmentally progressive initiatives. As President of the Detroit City Council, he established the Green Task Force in 2007, which now has representation of hundreds of grass roots environmental groups, non-profit organizations, and business leaders such as W.A.R.M. Training Center, Detroiters Working for Environmental Justice, and Southwest Detroit Environmental Vision. Attendance at monthly meetings continues to grow exponentially. Ordinarily, a Council Task Force is intended to carry out a specific task for a certain period of time; however, under the leadership of Mr. Cockrel, this group has taken on an expanded role over three and a half years, and has enjoyed many accomplishments in carrying forth its mission.

The Green Task Force sponsored a non-motorized plan, which sets forth a circuit of urban trails that connect diverse and incompatible land uses and bridge the isolation of car-based planning and architectural monuments in the City. Mr. Cockrel brought a resolution before Council to adopt the non-motorized plan, and it passed unanimously. The Green Task Force also recommended a curbside pilot recycling program that then —

President Cockrel presented to Council, which was also passed. This is being expanded next year to service larger areas. The Green Task Force also started a deconstruction focus group- which deals with recycling the materials of a building that is being demolished, as opposed to throwing the refuse into a landfill, creating jobs and a new economy.

Mr. Cockrel also fostered urban farming through an adopt-a-lot program that allowed accessibility to city-owned land. He spread the word through flyers and information at neighborhood city halls and hundreds of people adopted land in six months. As President, he sponsored a Lower Your Utility bill forum, educating citizens about energy efficiency measures. Over five hundred people attended each of the two seminars. As President of Detroit City Council, he also organized and hosted the August, 2008 Tri-County Summit, and one of the seminar topics he placed on the agenda was "Going Green." There was outstanding synergy at the seminar. The legislative leaders of Detroit and Wayne, Oakland, and Macomb Counties elected to continue the "Going Green" effort through a Regional Partnership for Sustainability, and have pledged to work collaboratively to promote energy efficiency and other sustainability measures as a region.

As interim Mayor for the City of Detroit, he established an Office of Energy and Sustainability. His goal as Mayor was to incorporate sustainability principles into his administrative platform and daily operations and bring green manufacturing to Detroit. He continued the work of the City Council Green Task Force as a Mayoral Task Force. The Task Force sponsored one of the first "green art fairs" in the region at Palmer Park.

Most recently, Council Member Cockrel has presented two environmentally responsible ordinances for Council to adopt as part of the City Code, which were recommended by the Green Task Force. The first ordinance is an "anti-idling ordinance" which prohibits large vehicles from idling more than five minutes an hour, except under certain conditions, in order to lower exhaust emissions into the atmosphere. The second ordinance is an environmentally friendly procurement ordinance, which incentivizes vendors to substitute environmentally friendly products in their response to a request for products. Mr. Cockrel understands that education, awareness, and buy-in from the Bing Administration and community are keys to a successful sustainability initiative. He has support from the Administration on both of these ordinances.

Mr. Cockrel's work is unique because he has carried out his leadership role and a commitment to sustainability at every level of government service he has held. He has consistently put forth initiatives

that should be a model for other governmental entities because the foundation for every initiative and accomplishment has been *collaboration* with all stakeholders and a model for how great leadership instills a passion for the mission. For all of the above reasons, Kenneth V. Cockrel, Jr. has the respect and support of his colleagues, the many participants on the Green Task Force, and civic and business leaders throughout Southeastern Michigan.

We have attached for your consideration the Green Task Force Interim Report, the two ordinance referred to above, and a Resolution of the Detroit City Council nominating Council Member Kenneth V. Cockrel, Jr. as one of Michigan's Green Leaders.

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

## Invocation

O God of Love, Power and Justice, Who wills the freedom and fulfillment of all Your children. We thank You for the consistency of Your loving kindness and tender mercies toward us. Especially on this day as we celebrate the life of Your servants (names of honorees).

We are reminded that in every age You raise up seers and sayers and doers of justice to awaken the conscience of the city, to redirect the traffic of human affairs from the back alley of illiteracy and ignorance toward the grand concourse of education and enlightenment.

We stand in awe at the marvelous networking by which You built an institution and a city around people of vision, courage and compassion. It included blacks and whites, Protestants, Catholics, Jews and Muslims, conservatives and progressives, rich and poor, business and labor, and people of faith. This "coalition of conscience" dedicated itself to the proposition that the American dream of freedom and equality could and should be made real through courageous action in a spirit of love, in the pursuit of human dignity for all. This dignity includes all who suffer from homelessness, joblessness, purposelessness carelessness and hopelessness.

Because our needs are so great today, and Your care so constant, we know that You are re-building the network of compassion around these we call the Detroit City Council, lead by President Pugh, who You have assembled for this hour. Surprise them with the discovery of how much power they have to make a difference in our day:

— A difference in the way citizens meet, greet, respect, and protect the rights of each other.

— A difference in the breadth of our vision of what is possible in humanization

reconciliation, and equalization of results in our great city.

— A difference in the way government, business, labor and faith community can work together, for justice and social enrichment.

— A difference in our response to the needy, and a difference in our appreciation for those who give of themselves for the surviving and thriving of our beautiful people.

Use this season of celebration to spark new hope and stir up our passion for new possibilities. Make compassion and the spirit of sacrifice to be the new mark of affluence of character. Strengthen the Council to face reality and to withstand the rigor of tough times in the anticipation of a bright side beyond the struggle. Inspire, empower, and sustain us until we reach the mountaintop, and see that future for our beloved city, for which our hearts yearn.

This is our fervent and sincere prayer.

AMEN

Pastor

Oak Grove African Methodist

Episcopal Church

#### **PUBLIC COMMENTS**

**President Pugh** — Ok. We will now call for PUBLIC COMMENTS. We have

four cards. Let us begin with Ryan Williams. Where is my timekeeper?

**Ryan Williams:** First of all, congratulations to the young Renaissance High School student; I also taught at Renaissance; I was a Social Studies teacher. Education is important I also taught at some other schools besides Renaissance. I notice that as the parent mention; it is important to regulate the television viewing of your children. I kind of want to tie this in, in regards to the Sexual Ordinance (SOB's); Council Member Brown mentioned that the entire package proposed by the City of Detroit experts may be unconstitutional. He suggested that although individual license provision experts propose that you review the SOB ordinance for these places; Louisville, Shelby County which includes Memphis, Knoxville, Tennessee, Knoxville County, Hillsboro County Florida, Manatee County Florida, and Cookeville Tennessee; all these governments have a package that the City of Detroit experts proposed has the same type of package. Again just in the general sense, we have more that 40% of the strip clubs in Detroit and we will like to just reduce that number. just for the sake of helping the children out.

**President Pugh:** Where do you teach now?

**Ryan Williams:** Right now I am at Trombly Alternative School. I am in Law School also at U of D.

**President Pugh:** Thank you Mr. Williams. Kevin Carey followed by Kimberly Green and Mother Holmes. Good Morning Mr. Carey.

**Kevin Carey:** Good Morning Mr President. My name is Kevin Carey. I am the Deputy Director of Detroit People Task Force. We're here to address the issue of the Crime Lab. We would like for the City Council to write a letter to the Federal Government demanding a federal investigation for the Detroit Crime lab. There have been a lot of cases that we've been dealing with where; defendants have been wrongfully convicted because of errors made by the Crime Lab. So we ask that the City Council send a letter to the Federal Government; Barracuda, Barack Obama demanding an investigation.

**President Pugh:** Thank you Mr Carey. We are going to refer your request to the Public Health and Safety Standing Committee. Council Member Watson and President Pro Tem Brown were made aware of an ongoing investigation into what's going on with our Crime Lab. We will be joining the effort to make sure that the Crime Lab is usable and that we explore the best option in terms of reopening it. Whether it be private or whether it be city run; but whatever it is it's

going to be excellent; any information will be usable. We are going to refer your request to the Public Health and Safety Standing Committee and there will be a full discussion about that to see how we need to proceed as a body. Thank you

**Kimberly Green:** Good Morning. My name is Kimberly Green and I work with Mr. Carey in the Detroit's Peoples Task force. Also we would like to make a request that the thirty-two (32) Technical and thirty-six (36) Non-Civilian Technicians at the Detroit Crime Lab be held accountable for the errors that were committed when the evidence was abused or messed up or just misplaced. There were 12,000 rape kits that were not analyzed and we feel that these technicians need to be held accountable for the errors that were committed which pretty much resulted in defendants not getting a fair case and a fair trial in their cases. We think they may have been framed and also because the evidence was basically abused they might be able to get their fair trials. But anyway that is the request we are making. Thank you.

**President Pugh:** Ok, thank you very much.

**Mother Holmes:** Good Morning Council. I'm yet available and I love to pray and there is a whole lot that makes me pray. I want to say a word or two. I almost died once. Man who was governor at the time, Governor Engler, almost saw that I leave here. This pharmaceutical company; I'll get back to that. God if first. May I please pray.

*Dear Lord, Thank you Father. Thank you for all your many blessings; thank you for all your goodness; all your mercy, all the love that you give us. Lord we sure need you now. Lord I pray so for my council because it looks like every one of them is working overtime Lord look on them. Look on my council; bless them. Give them fresh courage; give them the desire to go on. We are in such a precarious situation. Look on them Lord, keep them, let no hurt, harm or danger come their way. Look on them Lord. Give them the strength they need. Give them peace in trying to save our city. We are in such a precarious situation. I look at them and they look like they all are working overtime. Lord you can do all things. And if we only believe He will do these things; only believe. Bless them, go with them and keep them. In Jesus' name. Lord look on this congregation. Daily, there are people homeless; had enough money I'll put them all somewhere to lay their head. Lord look on them, bless them; give them fresh courage. Help the people that need the help; help them Lord. Can't do it with-*

*out you. Father I'm asking these things in Your name in the name of the Father, the Son and the Holy Spirit. Amen.*

I want to say a couple of words.

**President Pugh:** Can you do it in like 30 seconds.

Mother Holmes: Yeah, I can do it real quick. Check on that the medicine I told you about. It's only five or six cities in the United States that have such a thing. A lot of people don't know that the pharmaceutical company can kill you and nothing you can do about it. Pharmaceutical company: it's my understanding that Governor Granholm, that if Mr. Engler could sign a law, Governor Granholm have the opportunity to change the law. If I don't do anything else good, I hope to change this law so the State of Michigan is not under the pharmaceutical company. The government can't just do us any kind of way. I'm going to ask some of you to take a copy of this because I want to keep this. God bless you; God bless all of you. When I say I love you, I really do.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eligible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

Shelborne Development Company LLC, the Sponsor, has formed LaVogue Square Limited Dividend Housing Association Limited Partnership. The Partnership is rehabilitating the housing development located at 225 Merton. The project consists of 41 units; 28-1 bedrooms, 12-2 bedrooms, 1-3 bedroom. The project will be financed by a 3-year construction loan in the amount of \$3,000,000 with interest rate of 2.50% over Libor, a permanent loan of \$737,652 for 18 years with interest rate of 8.5% from Fifth Third Bank and Low Income Housing Tax Credits.

MSHDA has indicated that such development receiving low income tax credits, but no financing from the authority, are eli-

gible to receive tax abatements pursuant to Section 15a of Act 346 of the Public Acts of 1996 as amended.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Six (6) of the units will be occupied by tenants with incomes at thirty-percent (30%) of the area median income adjusted for family size. Six (6) of the units will be occupied by tenants with incomes at forty-percent (40%) of the area median income adjusted for family size. Sixteen (16) of the units will be occupied by tenants with incomes at fifty-percent (50%) of the area median income adjusted for family size. Twelve (12) of the units will be occupied by tenants with incomes at sixty-percent (60%) of the area median income adjusted for family size. Four (4) units will be reserved for special needs tenants; five (5) 2-bedroom or larger will be reserved for families with children. One (1) unit will be used by the manager/employee.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a eight percent (8%) service charge for this housing project.

Respectfully submitted,
